

October 12, 2012

The Honorable John Spring  
Mayor  
City of Quincy - via email  
730 Maine St.  
Quincy, IL 62301

**Re: *Programming Changes to the Sports Entertainment and MultiLatino tiers of Cable Service***

Dear Mayor Spring:

As part of Comcast's continuing effort to keep you informed of changes impacting our customers in your community, I wanted to provide you with information regarding changes in a number of programming networks that are provided in your community on the MultiLatino tier of service and the Sports Entertainment Package. There are no price changes associated with these channel removals and additions – all of which will occur on December 12, 2012.

As of December 12, 2012, the following channels – which are currently provided as part of the MultiLatino tier of service – will no longer be available on the Comcast channel line-up:

<u>Channel #</u>	<u>Network</u>	<u>Channel #</u>	<u>Network</u>
405	<i>Viendo Movies West</i>	385	<i>Go/TV (en Español)</i>
364	<i>Latele Novela</i>	387	<i>Sorpresa</i>
389	<i>Canal 22 Internacional</i>		

On that same date, the following channels will be launched on the MultiLatino tier of service:

**LAS** will be added on channel 350. *LAS* (which stands for Latin American Sports) is devoted to the sports content's demands of Latin American audiences in Puerto Rico and the United States, with coverage of events and original productions of favorite sports from Puerto Rico, Cuba and Mexico: Baseball, Football Soccer, Basketball, Volleyball, Wrestling, Boxing and Mexican Rodeo "Charreadas," among others.

**Telefutura West** will be added on channel 345. Programming for *Telefutura West* will mirror either the broadcast or satellite channel offerings but with a 3 hour programming time shift.

**La Familia Network** will be added on channel 389. *La Familia Network* is a Spanish language, family-oriented television network.

**Centroamérica TV** will be added on channel 364. *Centroamérica TV* was created to provide Central Americans living in the United States the informative and entertaining programming such as "Viva La Manana" from Guatemala, "Hola El Salvador," "Noticias 12" from Nicaragua and "Telenoticias" from Costa Rica. It also features live soccer games every week and sports highlight programs.

**Baby First Americas** (Spanish Feed) will be added on channel 387. BabyFirst Americas network is designed for infants, very young children, and their parents, and emphasizes the importance of early development of verbal, math and motor skills for bilingual Hispanic families.

**Univision West** will be added on channel 347. Programming for *Univision West* will mirror either the broadcast or satellite channel offerings but with a 3 hour programming time shift.

**Pasioness** will be added on channel 348. *Pasioness* is a unique 24-hour channel that combines top-rated Latin American soap operas, including the most recent high definition productions, and never-before-seen, exclusive behind-the-scenes content. *Pasioness'* approach is based on offering the widest variety of telenovelas produced in Argentina, Brazil, Mexico, Chile, Colombia, Peru, Venezuela, Uruguay and the U.S.

**Vme Kids** will be added on channel 349. Created for kids ages 2-6 and their co-viewing parents and caregivers, *Vme Kids* is home to award-winning children's shows that empower kids with innovative, entertaining, curriculum-based content.

Additionally on December 12<sup>th</sup>, *Go!TV* (in English), which is currently carried on channel 556 as part of the Sports Entertainment Package will no longer be available on the Comcast channel line-up. On that same date, *beIN SPORT* (in English) will be added to the Sports entertainment Package on channel 556. *beIN SPORT* (Spanish feed) is already available on the channel line-up as part of both the MultiLatino and tier of service and the Sports Entertainment Package, and there are programming and time differences between the Spanish and English feeds of the service.

Finally, in order to better highlight all of Comcast's Hispanic programming offerings, on December 12, 2012, we will add the *Xfinity Latino Barker* channel to the Limited Basic tier of service on channel 340. This service will be available to all subscribers.

Customers impacted by these changes will be notified in advance of any changes. Please feel free to contact me if you have any questions or would like additional information. I can be reached at (217) 527-2905.

Sincerely,

A handwritten signature in black ink that reads "Libbie Stehn Tumulty". The signature is written in a cursive, flowing style.
