

The following exterior features of the Ernest M. Wood Architecture Office and Studio, 126 North 8th St., are among those protected by City Ordinance No. 8412 approved December 27, 1989:

This building is a Prairie Style stucco and wood office building, built by Architect Ernest Wood for his own use. Prairie Style characteristics are to be seen in the rectilinear massing of the building, the subdivision of exterior surfaces by flat strips of dark stained wood, the simple geometry of the wooden screens on either side at the front of the building, the front door, the two (2) concrete urns, the stained glass, and the overhanging horizontal edges of the roof.
