CITY OF QUINCY

Comptroller's Office

CITY HALL – 730 MAINE STREET Quincy, Illinois 62301-4056 217-228-4517

MEMORANDUM

TO: Mayor and City Council

FROM: Sheri Ray

DATE: November 6, 2020

SUBJECT: Flex Plan Amendment & Pension Funding Resolutions

I have submitted two Resolutions to the City Clerk for placement on the agenda for the November 9, 2020 Council Meeting.

Flex Plan Amendment

The first resolution is to authorize amending the City's Flexible Spending Plan. This amendment provides the required language to change the Flex Plan and adopt the Cares Act and Covid-19 amendment to allow an extended period for filing and appealing flexible spending accounts, increases the flexible spending account carryover limit, and provides election change relief.

Pension Funding Resolution

The second resolution is stating the City's intent to fund the Fire and Police pensions based on the higher of two statutorily required amounts. We began adopting this resolution several years ago because pensions represent the largest part of the property tax levy. This simply states our intent to follow past practice and states our funding commitment prior to presenting the tax levy ordinance.

If you have any additional questions, please let me know.

CC: Lonnie Dunn, Corporation Counsel City Clerk Jenny Hayden Jeff Mays

WHEREAS, the City of Quincy offers a Flex Plan which is governed by Internal Revenue Code (IRC) Section 125; and,

WHEREAS, the IRS issued guidance to address unanticipated changes in expenses because of the COVID-19 pandemic; and,

WHEREAS, the IRS published two Notices on May 12, 2020 allowing changes to cafeteria plans. Notice 2020-29 provides temporary election changes and extended periods of time to incur FSA expenses and Notice 2020-33 changes the maximum carryover amount for health flexible spending accounts; and,

WHEREAS, the City's Flex Plan is administered by CHS Employee Benefit Services and the CHS has worked with Gray Hunter Stenn LLP to provide the legal documentation to amend the flex plan; now,

THEREFORE BE IT RESOLVED, the City Comptroller recommends to the Mayor and City Council to authorize the execution of the attached "Amendment Number 1 – Amendment to the City of Quincy Flex Plan."

Submitted: 11/9/2020

Amendment Number 1

Amendment to the City of Quincy Flex Plan

Section 1. General Rules

1.1. Purpose and Adoption. The purpose of this Amendment is to amend the City of Quincy Flex Plan to comply with the IRS Notices 2020-29, 2020-33, 2020-95 and additional COVID-19 relief.

Unless otherwise noted, this amendment shall apply notwithstanding any other statements in the Plan, the summary plan description (SPD), or any other documents.

City of Quincy ("the Employer") hereby adopts the following Amendment to its City of Quincy Flex Plan for plan years effective January 1, 2020.

1.2. Precedence. The requirements of this Amendment will take precedence over any inconsistent provisions of the Plan, including any previous amendments adopted by the Employer.

Section 2. Amendment

- 2.1. Extended Period for Filing and Appeal of Health FSA Claims. All group health plans, disability and other employee welfare benefit plans subject to ERISA or the Code must disregard the period from March 1, 2020 until sixty (60) days after the announced end of the National Emergency or such other date announced by the Agencies in a future notification ("Outbreak Period") for all Participants, beneficiaries, qualified beneficiaries, or claimants wherever located in determining the date within which individuals may file a benefit claim under the plan's claims procedure pursuant to 29 CFR 2560.503–1. For all run out periods that end on or after March 1, 2020, must allow any days that were remaining in the original run out (after March 1) plus the "Outbreak Period" before the claims submission period can close.
- **2.2.** Health FSA Carryover Limit. For the 2020 Plan Year, the \$500 limit on a Participant's unused Health FSA Account that may be carried over for use in the 2021 Plan Year shall be increased to \$550. In each subsequent Plan Year, the maximum carryover amount shall be equal to 20 percent of the maximum health FSA salary reduction contribution available under Code § 125(i) for the Plan Year. The availability of a carryforward of unused amounts in a Participant's Health FSA Account and all amounts carried over shall be subject to the conditions set forth in the Plan.
- 2.3. Election Change Relief. In order to facilitate any mid-year changes in coverage permitted by the Employer during calendar year 2020, in addition to the events set forth in the Plan, a Participant may change an election under the Premium Payment Benefit of the Plan as upon the occurrence of the stated events: (1) mid-year coverage under a Medical Insurance Plan sponsored by the Employer elected by a Participant who initially declined coverage; (2) a mid-year selection of a different Employer sponsored Medical Insurance Plan (including a coverage change from self-only to family coverage); (3) revocation of existing elections for Employer-sponsored Medical Insurance Plan, provided the Participant makes a written attestation that the he or she is or will immediately be enrolled in other "comprehensive" health coverage not sponsored by the employer. In addition, mid-year changes in coverage. A Participant in the Health FSA Component of the Plan may, at any time on or before December 31, 2020, increase or decrease his or her current election, revoke his or her current election or enter into a new election with respect to Salary Reductions to the Health FSA Component of the Plan. A Participant in the DCAP Component of the Plan may, at any time on or before December 31, 2020, increase or decrease their current election, revoke their current election or enter into a new election or their current election with respect to Salary Reductions to the DCAP Component of the Plan.

To the extent the Employer has allowed for changes in coverage as the result of one or more of the events

described above prior to the issuance of IRS Notice 2020-29, the ability to make a mid-year election maybe applied retroactively for periods of coverage between January 1, 2020, and the date IRS Notice 2020-29 was issued. Additionally, a mid-year election change with respect to the Premium Payment Benefit will not be available upon the occurrence of one or more of the events described above unless the individual was actually provided the opportunity by the Employer to change his or her coverage.

- 2.4. Health FSA Claims. Unless the Employer otherwise elects, a Participant shall be permitted to use amounts remaining in his or her Health FSA Account at the end of a Plan Year or Grace Period ending in 2020 to pay for or reimburse Medical Care Expenses incurred on or before December 31, 2020. Notwithstanding the foregoing, to the extent the Grace Period is extended as described above and the Plan includes a Health Savings Account, to the extent that the Health FSA is not (or is not amended to be) HSA-compatible, any Participant with unused amounts remaining at the end of the Plan Year or Grace Period ending in 2020 will not be eligible to contribute to an HSA during the extended Grace Period described above.
- 2.5. DCAP Claims. Unless the Employer otherwise elects, a Participant shall be permitted to use amounts remaining in his or her DCAP Account at the end of the Plan Year or Grace Period ending in 2020 to pay for or reimburse Dependent Care Expenses incurred on or before December 31, 2020. The Employer may via an administrative policy communicated to Participants limit or prohibit the application of this section of the Amendment. Such administrative policy will constitute an amendment to the Plan.
- **2.6. Modification of Provisions.** The Employer may elect to restrict the availability of one or more of the provisions set forth in this Amendment via an administrative policy communicated to Participants. Such administrative policy will be nondiscriminatory and constitute an amendment to the Plan.

Subject: Resolutions for November 9th Council Meeting

Water Supply Improvements - Construction Contract (Fund 501)

The City opened bids for construction of water transmission lines (i.e., large pipes used to improve pressure and convey water across a wide area) and a new water main extension to service residential customers. The project includes the following improvements:

- 1. Broadway, Golden Corral to Comfort Inn a new 8" PVC main that will ultimately replace the 12" main that is located under Broadway driving lanes. The main size is being reduced because the affected pressure district boundary was moved from Prairie Crossing to just east of the Comfort Inn. One new customer will be added (O'Reilly's Auto Parts store)
- 2. Maine Street, 48th to 54th a new 10" pipe is being installed to close the loop and improve flow to customers east of 54th Street. A portion of the main was already constructed by Blessing Hospital for their new facility at 48th & Maine. No new customers will be added.
- 3. Locust Street, 30th to 36th Street a new 12" main is being installed to improve flow from the Chestnut Booster Station to the Wisman Standpipe. There is a potential of four residential connections, but they are not likely to connect in the near future.
- 4. Gayla Drive installation of an 8" main from 1640 Gayla Drive eastward to the cul-desac. This is being installed at the request of the five homeowners that are not currently served by City water. Each has agreed to pay the standard tapping fee of \$4,000 to connect to City water.

The City received six (6) bids to complete the project:

Busy Bee Construction, LLC (Lewistown, MO)	\$522,948.83
Rees Construction Company (Quincy)	506,964.00
D&L Excavating, Inc. (Liberty, IL)	478,974.00
Million Construction LTD (Quincy)	453,655.00
Laverdiere Construction, Inc. (Macomb, IL)	436,154.00
Zanger Excavating, LLC (Quincy)	362,940.75

The pre-bid estimate was \$420,000. The FY21 budget allocated \$1 million for various water main construction projects, not including those part of the Capital Bond projects.

City Hall, Second Floor, 730 Maine Street Quincy, Illinois 62301

The Utilities Committee considered this matter and recommended award of the contract to the low bidder, Zanger Excavating, LLC.

Sanitary Sewer Repair - Construction Contract (Fund 502)

The City advertised for bids to replace a collapsed sanitary sewer in the 2900 block of College Avenue. Four (4) bids were received to replace the collapsed sewer:

Laverdiere Construction, Inc. (Macomb, IL)	\$254,911.50
Rees Construction Company (Quincy)	203,247.01
Million Construction LTD (Quincy)	170,768.00
D&L Excavating, Inc. (Liberty, Illinois)	152,464.00

The Engineer's Estimate to complete the work was approximately \$254,000.

The Utilities Committee considered this matter and recommended award of the contract to the low bidder, D&L Excavating, Inc.

Emergency Sewer Repair - Payment of Invoice (Fund 502)

On Friday September 25th, the City was notified of a possible sewer overflow by the Illinois EPA. City personnel quickly located the source of the overflow and attempted to stem the flow through use of sandbags. Due to the magnitude of the sewer failure, the volume of the overflow and the terrain, sandbagging was not successful. Since the sewer was in a remote and unaccessible location, the city authorized Rees Construction to bring in crushed stone material in order to construct a path through the steep,

wooded terrain to reach the location of the sewer failure. This work was completed by Friday evening. On Saturday September 26th at approximately 10:30 AM, Rees Construction contained the sewer overflow by constructing a berm between the broken sewer pipe and the creek.

A permanent repair was not possible due to the lack of needed material at that time. On Monday September 28th, work resumed and roughly 33 feet of 24" cracked RCP sewer pipe was replaced with 24" PVC pipe. On Wednesday September 30th, the replaced sewer pipe was encased in concrete to provide protection from damage during high stream flows. The City has advertised for bids to line the section of sewer, since follow-up investigations revealed additional pipe damage in the sewer that is exposed along the creek bank.

Rees Construction Company submitted an invoice in the amount of \$25,998.15 for the emergency repair of the broken sewer. The Utilities Committee considered this matter and recommended payment of the invoice.

Sludge Disposal - Payment of Invoice (Funds 501 and 502)

Due to limited space in the sludge lagoons at the wastewater treatment plant and the availability of suitable ground for land application, the Department authorized J. Oros Environmental to remove and land apply sludge over the amount listed in the 2019 Request for Proposals. This work has been completed and approval of the final payment of \$10,606.75 is

Date: November 6, 2020

Subject: Ordinances with First Reading at November 9th Council Meeting

The Department of Utilities & Engineering is introducing two (2) separate ordinances that, if adopted, would permit the City to borrow low-interest funds from the Illinois EPA to make improvements to the City's water & sewer infrastructure in 2021.

Water Supply Improvements (Fund 501)

For the water supply, the City is seeking up to \$7 million to fund the construction of a new water treatment plant pump station. The existing facility, although surrounded by a sheet-piling flood wall, faces significant flooding risk from storm water run-on, water & sewer pipe failures and sand boils. Flooding of the pump station could result in loss of water service to the entire city for days or even weeks depending upon the extent of damage to flooded pumps, motors and equipment.

In addition to the risk of flooding, the existing pump station is significantly deteriorated and can produce, at best, 75% of design capacity with all units running. Please note that the pump station is designed to produce 100% capacity with only 75% of the pumps in service. Based on this, the actual rating for the pump station is less than 60% of its original capacity.

The Department is requesting a \$7 million loan. Repayment would occur over twenty years. This is a fixed rate loan with an interest rate of 1.35%. The projected debt service for this loan is \$428,097 annually. For reference, Fund 501 produced a net income of \$3,417,197 prior to capital investments in the last fiscal year. An increase in water rates is **NOT** required to support this borrowing.

Sewage Collection & Treatment Improvements (Fund 502)

The City is requesting up to \$5 million to implement the first phase of the EPA-approved Combined Sewer Overflow (CSO) Long Term Control Plan (LTCP). The approved LTCP projects approximately \$25.6 million on sewer system improvements over 20 years in order to reduce the frequency and volume of discharges of raw sewage during wet weather. Presently, the City has six (6) CSO outfalls which routinely discharge raw sewage during and following rainfall. The CSO points are located as follows:

Whipple Creek – a 10'x9' box sewer at the end of North 6th Street frequently discharges 1 million gallons, and occasionally over 10 million gallons of raw sewage, to the creek

CITY OF QUINCY

Department of Utilities and Engineering

City Hall, Second Floor, 730 Maine Street Quincy, Illinois 62301

that flows through residential backyards and Gardner Park before dumping into Cedar Creek at Bob Bangert Park.

Cedar Street – an 8'x8' box sewer discharges frequently discharges 100,000 gallons and occasionally up to 5 million gallon of raw sewage into a ditch beginning at 3rd & Cedar Street in Sunset Park.

Broadway – a 6 foot diameter pipe discharges up to 25 million gallons of sewage to the Quincy Bay at the foot of Broadway (adjacent to the Pier Restaurant). The pipe is partially submerged at normal river levels and overflows are not always apparent.

Dicks-Payson – labeled as one CSO but actually two separate interceptor sewers. Payson Avenue Sewer with is a 5 foot diameter brick sewer and Dicks Brewery Sewer is a stone arch sewer that was carved out of the bedrock. Both sewers have a submerged discharges near the South Side Boat Club.

Jefferson Street – another stone arch sewer cut into the bedrock, Jefferson Street has a submerged discharge that is located between Jefferson and Washington.

South Side – a 10'x10' box sewer that discharges into Curtis Creek inside South Park. Sewage discharge volumes are similar to Whipple Creek values.

Phase 1 of the LTCP consists of modifications to interceptor flow diversion structures in order to direct more flow to the wastewater treatment plant and away from the CSO. The estimated project cost is \$4 million and the actual loan value will not exceed the cost of construction. The loan is a fixed rate of 1.35% with up to \$500,000 in principal forgiveness (i.e., a grant of up to \$500k). The projected debt service for this loan would be about \$258,250 annually if the full \$5 mil is required. For reference, Fund 502 produced a net income of \$1,464,369 prior to capital investments in the last fiscal year. An increase in sewer rates is **NOT** required to support this borrowing.

MEMORANDUM

TO: Mayor and City Council

FROM: Sheri Ray

DATE: November 6, 2020

SUBJECT: Supplemental Budget Ordinance

I have submitted the attached Budget Amendment Ordinance to the City Clerk for placement on the agenda for the November 9, 2020 Council Meeting.

The main purpose of this supplemental is to account for the additional General Fund revenues that have exceeded the adopted budget and allocate those revenues to restore spending cuts made by the City in June. Bottom line, just over \$1.8 million in revenue and spending is restored.

The revenue increase is calculated by six-month data which supports the revised projections, as well as from the November IML revised forecast as of October. Notably, the \$1.2 million cut in Personal Property Replacement Tax revenues is **NOT** anticipated to be restored. The additional revenue comes primarily from the following sources:

	FY20	FY21 June	Supplemental	Increase
Sales Tax	\$10,149,885	\$9,228,300	\$10,128,300	\$900,000
Income Tax	\$ 4,403,980	\$3,839,865	\$ 4,139,865	\$300,000
Use Tax	\$ 1,402,070	\$1,442,472	\$ 1,642,472	\$200,000
Purchase Tax Gen	\$ 6,928,550	\$7,372,781	\$ 7,472,603	\$100,000
Purchase Tax Cap	\$ 2,309,517	\$ 911,243	\$ 1,211,421	\$300,000

In accordance with the increased revenues, this proposal will restore a number of items reduced from our April and June spending cuts (notably vehicle replacement and fix/flatten funds) and direct additional resources to our health insurance fund, our fire and police pensions, and salary lines for union (per contracts) and non-union personnel. A detailed listing will accompany this memo.

If you have any additional questions, please contact me.

Employee of the Month

Sgt. Nathan Elbus, Lt. Jeff Nevin, Officers Matt Hermsmeier, Erik Cowick, Mike Cirrincione, Stephen Hischier, Craig Russell, Amber Haistings, Peter Hummel, Bill Calkins, Taylor Dralle, Megan Dolbeare, Kelby Rescinito, and Kris Billingsley, and CST Emily Pezzella

At 4:59 p.m. on August 14, 2020 there was a horrific traffic crash at 4th & Broadway. The "at fault" vehicle was traveling at an extremely high rate of speed westbound on Broadway, ran the red light, and collided with another vehicle travelling northbound on 4th Street. The second vehicle was occupied by an older couple and their three grandsons, 18 months old, 4 years old, and 6 years old. The grandmother and the 4 year old were ejected from their vehicle and were pronounced dead at the scene. The 6 year old was transported to Blessing Hospital and then on to Cardinal Glennon Children's Hospital, where he died a few hours later. Only the grandfather survived the crash, though seriously injured. The driver of the at fault vehicle fled the scene on foot and was apprehended on the Bayview Bridge.

Responding Officers were met with one of the most gruesome crash scenes Quincy has ever had. The actions taken by the officers in the ensuing hours were nothing short of heroic. Some of the employees were on scene, some were tasked with duties away from the scene, and some conducted follow-up investigation at a variety of locations. Some of the duties undertaken included: life saving efforts, removing victims from their vehicle, arresting the at fault driver, blocking and directing traffic, photographing the crash scene and the victims, collecting evidence, reconstructing the crash, obtaining surveillance video of the crash and of the at fault vehicle prior to the crash, attending autopsies of the victims, and securing the at fault driver while at the hospital prior to going to jail.

Our employees train to respond to such incidents, however, no amount of training can prepare anyone for the experience of working such a traumatic event. Child death scenes and investigations are some of the most painful to work, let alone one with such a large amount of senseless death and carnage as this one. These employees will never forget this incident and will be forever affected by it. Yet every one stood firm and performed their duties diligently, admirably, and professionally. So much so, that their work led to the indictment of the at fault driver for the charges of four counts of First Degree Murder, among others. "Job well done" to everyone involved.
