MEMORANDUM

TO: Mayor Troup and City Council
FROM: Chuck Bevelheimer
DATE: April 7, 2022
SUBJECT: Hotel Development Program

The Administration proposes a pilot project to encourage the construction of new hotels/motels along the City's Hospitality Corridor. Quincy needs more hotel/motel rooms, especially as the city and local organizations work to attract large conventions that would benefit local businesses, restaurants, and entertainment venues. Quincy currently has approximately 800 available hotel/motel rooms. The goal is to increase that number to 1,200 rooms as soon as possible.

The city wants to encourage investment in the Hospitality Corridor (Broadway-State, 4th to the Riverfront), which includes the Oakley Lindsay Center and the Quincy Area Convention & Visitors Bureau. The OLC is a tremendous asset for our community, given its versatility in handling events that draw people to Quincy, so the addition of another hotel/motel or two within walking distance would aid in the attraction of even larger events.

The city proposes the following incentives as part of the Hotel Development Program:

1. Only New Construction qualifies for the HDP.
2. The proposed Hotel/Motel to be constructed must have at least 100 units to qualify
3. The new construction must occur within the City's Hospitality Corridor
 - a. Broadway to State/4th to the Riverfront
4. The money from the HDP must be spent on the acquisition of real estate
5. A minimum leveraging ratio of private to public funding is 5 to 1 (80%/20%)
6. The city's maximum funding allocation for the HDP project is \$500,000
7. A development agreement approved by City Council will be required to receive HDP funding which will have a recapture clause to address claw back of city funds in case of project default

The Administration recommends the Food and Beverage and Alcoholic Beverage tax as the source of funding for the HDP. The addition of several hundred new hotel/motel rooms in the Hospitality Corridor would increase the number of people spending the night in Quincy, which, in turn, would increase the number of people visiting our local shops, restaurants and entertainment venues. The Quincy Area Convention and Visitors Bureau estimate the average overnight stay in Quincy generates \$250 in local spending.

City Finance Committee reviewed the Hotel Development Program and forwarded the Program to City Council for consideration.

If you have any questions, please let me know.

e chuck/Memo/2022 Memos/Hotel Development Program Revised 4-7-22

WHEREAS, to accommodate larger conventions and events the city needs a hotel and motel capacity of at least 1200 rooms; and

WHEREAS, the creation of the Hotel Development Fund Program (HDP) would incentivize developers to build new hotel/motel room capacity in the City’s Hospitality Corridor.

MEMORANDUM

TO: Mayor and City Council

FROM: Chuck Bevelheimer

DATE: April 11, 2022

SUBJECT: Support for TIF

The Illinois Municipal League has requested that communities utilizing Tax Increment Financing (TIF) districts pass a resolution of support for the program. The IML would use these resolutions in the future to show the positives of the program when the General Assembly is asked to consider potentially-harmful TIF legislation, such as SB 2298 (Sen. Gillespie, D-Arlington Heights).

If approved, SB 2298 would have granted the TIF joint review board veto-like powers over the creation and extension of a TIF district and would have altered the criteria for determining blight within a proposed redevelopment project area.

The City of Quincy has two TIF Districts (TIF East & TIF West).

TIF District	Year Established	Base EAV	2020 EAV	% Increase
East	2009	\$6,631,251	\$7,960,111	20%
West	1998	\$5,819,544	\$12,542,162	116%

The chart shows Quincy's TIF districts are improving the EAV for all taxing districts.

Again, in order to continue IML's advocacy against negative TIF legislation, the agency is requesting cities adopt the attached resolution in support of TIF and send them to IML so the resolutions can be used in future conversations with legislators.

Any questions, please let me know.

**CITY OF QUINCY COUNCIL RESOLUTION
IN SUPPORT OF TAX INCREMENT FINANCING**

WHEREAS, the City has the responsibility to promote economic development and revitalization of underperforming areas within the City; and

WHEREAS, the City recognizes that Tax Increment Financing (TIF) is a means to address areas of blight, support development and promote local job creation and retention; and

WHEREAS, TIF incentives directly contribute to the expansion of the local tax base and attracts private development and new businesses to the City; and

WHEREAS, the availability of TIF is a critical mechanism to spur economic development for the City ;

WHEREAS, the Mayor and City Council of Quincy find that the availability of TIF as an economic development tool is essential for the continuing economic vitality of the City.

NOW, THEREFORE, be it resolved by the City Council for the City of Quincy as follows:

Section 1. The foregoing recitals shall be and are hereby incorporated as findings of fact as if said recitals were fully set forth herein.

Section 2. The City urges the Illinois General Assembly and Governor to protect TIF in its current form as a valuable economic development tool without additional restrictions on municipal governments and the communities they serve.

Section 3. The City Clerk shall forward a copy of this Resolution to the Illinois Municipal League.

TAX INCREMENT FINANCING (TIF)

June 1, 2021

BACKGROUND

Illinois adopted Tax Increment Financing (TIF) in 1977. A reform to this law was enacted in 1999. Since the first TIF statute was adopted by California in 1952, 49 states have passed legislation authorizing the use of TIF. According to recent data from the Illinois State Comptroller's Office, there are nearly 1,500 TIF districts located throughout more than 500 Illinois municipalities.

WHAT IS TIF?

TIF is a mechanism for municipalities to spur economic development in specific geographic areas that are blighted and deteriorating. To do this, local taxing bodies create a TIF redevelopment project area, or TIF district, whereby the Equalized Assessed Value (EAV) of the property in the area is set at a base amount. Property taxes collected on properties included in the TIF district at the time of its designation continue to be distributed to the school districts and all other affected taxing districts in the same manner as if the district did not exist. Establishment of a TIF does not reduce property tax revenues available to the overlapping taxing bodies.

A tax increment is the difference between the amount of property tax revenue generated before TIF district designation and the amount of property tax revenue generated after TIF designation. Only property taxes generated by the incremental increase in the EAV of these properties after that time are available for use in the TIF district by a municipality.

HOW IS A TIF DISTRICT CREATED?

In order to establish a TIF district, a local government must find that development or redevelopment of the area would not occur "but for" the creation and use of TIF. Illinois law specifies a number of requirements that must be satisfied for an area to qualify as a TIF district, beginning with identifying the district and the physical and economic deficiencies that need to be cured. Specifically, state law requires that the proposed area must meet one or more of three conditions:

1. Blighted conditions;
2. Conservation conditions; and,
3. Industrial park conservation conditions.

If one or more of these conditions is identified, municipal officials and a Joint Review Board, made up of representatives from affected local taxing bodies, must review a plan for the redevelopment of the TIF area. A public hearing must be held where residents and other interested parties can express their thoughts on the subject. If the plan for redevelopment is approved by the Joint Review Board, the municipality may adopt the plan by a majority vote of the corporate authorities. If the Joint Review Board rejects the plan for redevelopment, the municipality may proceed but the plan must be approved by a three-fifths vote of the corporate authorities. Finally, the mayor or village president will sign the ordinance into law. No state or federal approval is required for creation.

HOW DOES TIF WORK AFTER CREATION?

The growth of the EAV of property within the TIF district (the increment) is collected into a special fund for use by the municipality to make additional eligible investments in the TIF project areas. The reinvestment generates additional growth in property value, which results in more revenue growth for reinvestment. Once a redevelopment project is completed and has been paid for, the TIF district may be dissolved and the tax base returned to full use by all eligible taxing bodies.

HOW LONG DOES A TIF DISTRICT LAST?

Under Illinois law, a TIF district may last for up to a maximum of 23 years. This period can be extended by 12 additional years upon approval by the Illinois General Assembly. In some cases, the General Assembly has extended TIF districts twice, for a total of 47 years. Municipalities seeking extensions must receive approval from the General Assembly, which requires, by rule, letters of support from overlapping units of local government whose boundaries fall within the TIF district.

OTHER FUNDING SOURCES BESIDES TIF

TIFs are more frequently used now because other development tools, like Industrial Revenue Bonds and Urban Development and Infrastructure Grants, are no longer readily available to local governments.

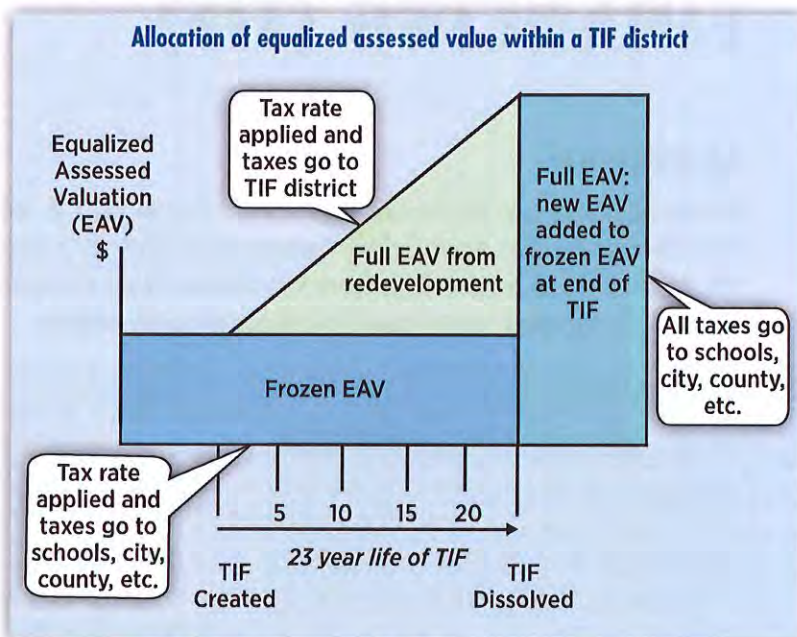

Federal and state aid to local governments has been reduced. At the same time, unfunded federal and state mandates have increased the financial burden on most municipalities. Factor in state imposed property tax caps, and the funding problems facing local governments make it obvious that local governments are left to do more with less.

TIF offers local governments a resource to revitalize their communities by expanding their tax base, offsetting, in part, the federal and state funds that are no longer available to them without imposing increased taxes on the whole community.

WHAT CAN TIF BE USED FOR?

TIF funds may be used to reimburse eligible “redevelopment projects costs” as defined in the Act.¹ The statute provides a comprehensive list of associated project and reimbursement costs which may include, but are not limited to, the following actions occurring within the TIF district:

- Administration of a TIF redevelopment project;
- Property acquisition, renovation, rehabilitation and demolition;
- Construction of public works or improvements;
- Job training related to the TIF area;
- Financing costs, including interest assistance;
- Studies, surveys and plans;
- Marketing related to sites within the TIF; and,
- Professional services, such as architecture and design services.

Source: The “Final Report of the TIF Reform Task Force,” June 1, 2018.

¹ 65 ILCS 5/11-74.4-3(q).

DESIGNATION AND DISTRIBUTION OF SURPLUS FUNDS

The TIF Act provides that any portion of an annual ending balance of a TIF fund that has not been identified (or is not identified as being required, pledged, earmarked or otherwise designated for payment or securing of obligations or anticipated redevelopment project costs) shall be designated as surplus. (Section 11-74.4-7)

The Act also provides for the distribution of surplus funds annually, within 180 days after the close of a municipality's fiscal year. Surplus funds are paid by the municipal treasurer to the county collector, the Illinois Department of Revenue (IDOR) and to the municipality in direct proportion to the incremental tax revenue received. The county treasurer is then required to make distributions to the respective taxing districts.

TIF REPORTING REQUIREMENTS

The Act currently requires TIF municipalities to submit a report to the Illinois Office of the Comptroller, and all taxing districts overlapping the redevelopment project area, no later than 180 days after the close of each municipal fiscal year detailing information about a TIF district. The report must include, but is not limited to, an analysis of the special tax allocation fund, a statement setting forth all activities undertaken in furtherance of the objectives of a TIF District Redevelopment Plan, a legal opinion that the municipality is in compliance with the TIF Act and any amendments to the redevelopment plan.

On May 28, 2021, the General Assembly passed HB 571 (Rep. Carroll, D-Northbrook/Sen. Gillespie, D-Arlington Heights). This legislation amends the TIF Act and expands mandated reporting requirements to include a comparison between the original projected increment and jobs for the TIF district, the actual amount of increment and jobs created to date, and an update on the stated rate of return for a development and the actual debt service on any notes issued by the municipality. In addition, HB 571 authorizes municipalities to select a consultant to provide an analysis of the projected increment and the actual debt service on any notes issued by the municipality. The Illinois Municipal League (IML) opposed the legislation as an unfunded mandate.

IML ADVOCACY

IML and numerous local elected officials, as well as the General Assembly – shown through its continued actions granting and extending TIF designations – firmly believe in the value of TIF as a mechanism to spur economic development in communities across the state.

While IML will not advocate for proposals that would be harmful to or reduce the effectiveness of TIF, we remain committed to serving as a partner with and all stakeholders in improving and addressing perceived issues with the TIF Act.

MEMORANDUM

TO: Mayor Troup and City Council

FROM: Chuck Bevelheimer

DATE: April 13th, 2022

SUBJECT: Resolution Authorizing Mid Town Business District Redevelopment Agreement with Cullinan Properties

Cullinan Properties requests \$100,000 from the Mid Town Business District Fund to pay for a very large and unexpected expense associated with the roof of the former Bergner's building, which is now the QMG Surgery Center. Attached is letter from Bryce Barnes with Cullinan Properties requesting \$300,000 in Mid Town Business District funding. The City's Mid Town BD Fund (Fund 214) has \$103,000 available to support businesses in the Mid Town BD. I have explained to Cullinan the current financial capacity of the city's Mid Town BD fund and Cullinan, in turn, has reduced its request.

This roof replacement is an eligible expense under the Business District statutes. Staff had hoped the Mid Town BD funding would be used to make improvements to leasable space so it was more competitive for retail tenants, not for maintenance projects. However, based on Cullinan's investment to renovate the former big box store for QMG, the \$1-million roof replacement cost estimate and the potential of Cullinan to bring jobs, investment, and new tenants to the Town Center, participation from the Mid Town BD fund would be appropriate.

Attached is a resolution authorizing the City to enter into a Mid Town Business District Redevelopment Agreement with Cullinan Properties for the roof replacement project. City Finance Committee reviewed the resolution and forwarded it to Council with no recommendation.

RE: Quincy Town Center Roof Failure

Chuck:

We have been having significant roof leak issues for the last year at Quincy Town Center. The situation is most problematic over the new Quincy Medical Group surgery center. Prior to undertaking the large investment to open the surgery center, Cullinan had third party roofing contractors review the roof and determine it still had significant life left to where a replacement during the construction of the surgery center was unwarranted. Unfortunately, since that time the roof has been beset with issues which has created regular problems for the property with every snow or rain event. We have been continuously making repairs and our tenant has directly contracted when necessary with roofers to mitigate downtime with quick responses, however this situation is untenable.

An unbudgeted investment in the roof of close to \$1 million dollars is needed to fully alleviate this unexpected problem. Making this investment will end the interruptions currently resulting from the falling roof. We would like to begin the project in the 2nd quarter.

Quincy Town Center is seeking assistance to help cover this unexpected cost and we are requesting the Business Development District help with these investments in the property. We are asking that the BDD help cover 1/3 of the cost to repair the roof with a limit of \$300,000. This investment in the town center will help strengthen the property and allow us to focus our efforts on proactive tenant attraction and retention. The \$700,000 of cash we are expecting to invest in the property after this contribution is a substantial addition to our ongoing investment in Quincy and we remain proud and committed owners of the property.

We will defer to the City on how you would like to memorialize such an agreement as we were unable to locate any documents from other municipalities on their process and forms for disbursing BDD funds. We would be happy to direct our attorneys to draft a simple agreement if you wish. We would like to proceed quickly so that we can sign up a roofing contractor and begin the work in the 2nd quarter.

We appreciate the City's ongoing partnership and commitment to the property. Establishing the BDD recently was very important for the long-term viability of the property and we are fortunate to have it in place so that it can help with large, unexpected costs such as this. We are available to answer any questions and appreciate the consideration.

Thank you,

Bryce Barnes

AGREEMENTS

NOW, THEREFORE, for good and valuable consideration, the receipt of which is acknowledged, the Parties agree as follows:

A. PRELIMINARY STATEMENTS

1. The Parties agree that the matters set forth in the recitals above are true and correct and form a part of this Agreement, and are to be construed as binding statements of this Agreement.
2. Definitions.
 - a. For the purpose of this Agreement, "**BDD Eligible Costs**" shall mean those costs eligible for reimbursement under the Business District Development and Redevelopment Act and are further described in *Exhibit "1"* attached hereto.
 - b. Any terms which are not defined in this Agreement shall have the same meaning as they do in the Act, unless indicated to the contrary.
3. The Developer shall remain in compliance with all municipal ordinances relating to property development and labor requirements, property condition, zoning, subdivision and building codes. Failure to cure the violation of any such ordinance within thirty (30) days upon being provided written notice of the same by the City shall be cause for the City to declare the Developer in Default and unilaterally terminate this Agreement, except where such failure is not reasonably susceptible to cure within such 30-day period, in which case the Developer shall have such additional time to cure as is reasonably necessary, provided that the Developer has commenced such cure within such 30-day period and continues to diligently prosecute the same to completion.
4. The Developer shall complete the Project on or before the date that is eighteen (18) months from the date this Agreement is approved by the City, subject to extension due to Force Majeure (defined below). The Project will be deemed complete when the Developer has completed the roof repair/replacement on the Property and certified such to the City.
5. Each of the Parties represents that it has taken all actions necessary to authorize its representatives to execute this Agreement.

B. ADOPTION OF BDD FINANCING

The City created "**MID-TOWN BUSINESS DISTRICT**" which includes the Developer's Property. The City has approved certain Redevelopment Project Costs, including the types described in *Exhibit "1"* for the Developer's Project.

C. INCENTIVES

In consideration for the Developer completing its Project, the City agrees to extend to the Developer the following incentives to assist the Developer's Project:

1. The City shall reimburse the Developer for its BDD Eligible Costs incurred with respect to the Project in the amount of One Hundred Thousand Dollars (\$100,000.00) from the Mid-Town Business Tax Allocation Fund, upon completion of the Project and verification of the Developer's BDD Eligible Costs pursuant to Section E below.

D. LIMITATION OF INCENTIVES TO DEVELOPER

In no event, shall the maximum cumulative reimbursements for the Developer's BDD Eligible Project Costs pursuant to *Section C(1)* above exceed **\$100,000.00** as set forth herein.

E. PAYMENT OF ELIGIBLE PROJECT COSTS

1. Payment to the Developer for BDD Eligible Project Costs as set forth by the Act shall be made by a Requisition for Payment of Private Development Redevelopment Costs ("Requisition") (attached hereto as *Exhibit "2"*) submitted upon project completion to the City's Director of Planning and Development (the "Administrator") and subject to his approval of the costs and availability of funds in the Special Account.
2. The Requisition must be accompanied by verified bills or statements of suppliers, contractors, or professionals together with cancelled checks, mechanic's lien waivers (whether partial or full), or an invoice marked paid from each of the parties entitled to a payment that is the subject of the Requisition as required by the City.
3. The Administrator shall approve or disapprove of the Requisition by written receipt to the Developer within thirty (30) business days after receipt of the Requisition. Approval of the Requisition will not be unreasonably withheld. If the Requisition is disapproved by the Administrator, the reasons for disallowance will be set forth in writing and the Developer may resubmit the Requisition with such additional information as may be required and the same procedures set forth herein shall apply to such re-submittals.
4. All BDD Eligible Project Costs approved shall then be paid by the City pursuant to the terms set forth in *Section C* above.
5. The Parties acknowledge that the determination of BDD Eligible Project Costs, and, therefore, qualification for reimbursement hereunder are subject to changes or interpretation made by amendments to the Act, administrative rules or judicial interpretation during the term of this Agreement. The City has no obligation to the Developer to attempt to modify those decisions, but will reasonably assist the Developer in every respect to obtain approval of Eligible Project Costs.
6. The Developer may submit for prior approval by the City as BDD Eligible Project Costs under the Act estimates of costs before they are incurred subject to later confirmation by actual bills

F. LIMITED OBLIGATION

The City's obligation hereunder to pay the Developer for Eligible Project Costs is a limited obligation to be paid solely from the Mid-Town Business Tax Allocation Fund. Said obligation

does not now and shall never constitute an indebtedness of the City within the meaning of any State of Illinois constitutional or statutory provision, and shall not constitute or give rise to a pecuniary liability of the City or a charge or lien against the City's general credit or taxing power.

G. LIMITED LIABILITY OF CITY TO OTHERS FOR DEVELOPER'S EXPENSES

There shall be no obligation by the City to make any payments to any person other than the Developer, nor shall the City be obligated to make direct payments to any other contractor, subcontractor, mechanic or materialman providing services or materials to the Developer for the Project. This Agreement shall not create any third-party rights and the Developer shall indemnify and hold the City harmless on any claims arising out of the Developer's construction activities.

H. COOPERATION OF THE PARTIES

The City and the Developer agree to cooperate fully with each other when requested to do so concerning the development of the Developer's Project. This includes without limitation the City assisting or sponsoring the Developer, or agreeing to jointly apply with the Developer, for any grant, award, or subsidy which may be available as the result of the Developer's or City's activities.

I. DEFAULT; CURE; REMEDIES

In the event of a default under this Agreement by any party hereto (the "Defaulting Party"), which default is not cured within the cure period provided for below, then the other party (the "Non-defaulting Party") shall have an action for damages, or in the event damages would not fairly compensate the Non-defaulting Party's for the Defaulting Party's breach of this Agreement, the Non-defaulting Party shall have such other equity rights and remedies as are available to them at law or in equity.

In the event a Defaulting Party shall fail to perform a monetary covenant which it is required to perform under this Agreement, it shall not be deemed to be in default under this Agreement unless it shall have failed to perform such monetary covenant within thirty (30) days of its receipt of a notice from a Non-defaulting Party specifying that it has failed to perform such monetary covenant. In the event a Defaulting Party fails to perform any non-monetary covenant as and when it is required to under this Agreement, it shall not be deemed to be in default if it shall have cured such default within thirty (30) days of its receipt of a notice from a Non-defaulting Party specifying the nature of the default, provided, however, with respect to those non-monetary defaults which are not capable of being cured within such thirty (30) day period, it shall not be deemed to be in default if it commences curing within such thirty (30) days period, and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

J. TIME; FORCE MAJEURE

For this Agreement, time is of the essence. The Developer agrees to complete the Project on or before the date that is eighteen (18) months from the date this Agreement is approved by the City. Failure to do so shall be cause for the City to declare the Developer in default and unilaterally terminate the Agreement. However, the Developer and the City shall not be deemed in default with respect to any obligations of this Agreement on its part to be performed if the Developer or City fails to timely perform the same and such failure is due in whole, or in part, to any strike, lock-out, labor trouble (whether legal or illegal), civil disorder, inability to procure

materials, weather conditions wet soil conditions, failure or interruptions of power, restrictive governmental laws and regulations, condemnation, riots, insurrections, war, fuel shortages, accidents, casualties, Acts of God, acts caused directly or indirectly by the City (or the City's agents, employees or invitees) when applicable to Developer or third parties, or any other cause beyond the reasonable control of Developer or the City.

K. ASSIGNMENT

The rights and obligations of the Developer under this Agreement shall not be assignable.

L. WAIVER

Any party to this Agreement may elect to waive any remedy it may enjoy hereunder, provided that no such waiver shall be deemed to exist unless the party waiving such right of remedy does so in writing.

No such waiver shall obligate such party to waive any right of remedy hereunder, or shall be deemed to constitute a waiver of other rights and remedies provided said party pursuant to this Agreement.

M. SEVERABILITY

If any section, subsection, term or provision of this Agreement or the application thereof to any party or circumstance shall, to any extent, be invalid or unenforceable, the remainder of said section, subsection, term or provision of this Agreement or the application of same to parties or circumstances other than those to which it is held invalid or unenforceable, shall not be affected thereby.

(The remainder of this page is intentionally blank.)

VII. LIBRARY REPORTS:

A. Director's Report

Kathleen Helsabeck reported that the Library did not open on February 2 and closed at

1:00 p.m. on February 17 due to the weather. Circulation numbers were up as patrons stocked up on books and movies throughout the month in anticipation of the bad weather.

Two people have been hired for the Young Adult Librarian and Reference Librarian positions; both are expected to start on April 1. Harold Seltzer in the Maintenance Department has announced his retirement on March 25. The fire alarm was successfully installed and is working as expected. Three compressors were replaced to complete the latest round of repairs to the HVAC system. A representative from Thermal Mechanics, Inc., a subsidiary of Daikin, was at the Library on March 8 to diagnose the ongoing issues. The representative informed Will Matlick that he does not believe any of the issues discovered in the 2018 TMI audit were addressed or resolved, which is probably why the Library continues to have problems with the system.

Ms. Helsabeck updated the Board on the mobile library project by sharing the latest quote from Matthews Special Vehicles. She reported that the cost of the vehicle has risen to \$302,000 or an increase of \$25,000. The new quote is good for 30 days. She would like to get the vehicle ordered as soon as possible to avoid any further increases, and is asking the Board to approve an expenditure of \$122,000 for the deposit. Ms. Helsabeck stated that the Library already has \$35,000 in funds set aside for the project from the Moorman Foundation Grant and the Samantha Otte Fund Grant. She is asking the Library to advance the remaining funds, which will be repaid through fundraising efforts. Ms. Helsabeck was asked to contact Matthews to see if they would be willing to extend the quote to 45 days so the Board can vote on the expenditure at the April 12 Board meeting.

Ms. Helsabeck reported that the Tracy Family Foundation is encouraging the Library to apply for a Nonprofit Video Storytelling and Social Media Training Grant. The Board supports the Library applying for this grant. She then reported that the cost of health insurance has increased 11.5% and dental coverage increased 4.9% without any changes in coverage. The Library is able to absorb these costs without passing along any increases to the staff. Ms. Helsabeck and Amanda Griesbaum will be attending the Public Library Association Conference in Portland, Oregon, March 22 – 25. Victoria DeMent will be attending the Lily School of Philanthropy at Indiana University March 28 – 31. Ms. Helsabeck completed her report by stating that the Friends will host their annual Spring Book Sale March 31 – April 2 in the large meeting room at the Library.

B. Financial Report – Cheryl Predmore

Cheryl Predmore reported that the balance in the Homebank Operating Fund as of February 28, 2022, was \$1,073,413.99. The balance in the reserve fund was \$400,432. The Library is 81% through the fiscal year.

VIII. COMMITTEE REPORTS:

A. Audit – Cheryl Predmore: Cheryl Predmore presented the Expenditure Approval List for February 28, 2022, in the amount of \$82,631.89. Ms. Predmore noted a payment to the City for IMRF accelerated payments, which Ms. Helsabeck will discuss under New Business. Kim Akers stated that the report includes credit card payments made after the February Board meeting. There being no further discussion, Cheryl

Predmore moved to approve the Expenditure Approval List for February 28, 2022, as presented. Ben Uzelac seconded. A roll call vote was held with the following results:

Ben Uzelac	yes	Cheryl Predmore	yes
Harry Ruth	yes	Angela Kettelman	yes
Dean LaVelle	yes	Jonathan Hoover	yes
Kathy Ridder	yes	Megan Duesterhaus-AuBuchon	absent
Clairice Hetzler	absent		

The motion carried with seven yes votes, zero no votes, and two absent.

B. Finance – Cheryl Predmore: Cheryl Predmore reported that the Finance Committee met on February 17, 2022, where they discussed a draft Cash Reserve Policy and approved the draft FY22/23 budget. Ms. Predmore stated that the Cash Reserve Policy formally designates 25% of the unrestricted funds to act as a cash reserve for the Library. These funds will remain in the general funds and not moved into a separate account. There being no further discussion, Ms. Predmore moved to approve the draft Cash Reserve Policy as presented. Dean LaVelle seconded and the motion carried. Ms. Predmore then presented the draft FY22/23 budget. Kathleen Helsabeck distributed copies of an updated budget, explaining that Sherri Ray provided updated anticipated PPRT revenues on March 7. Ms. Ray expects the Library’s portion of the PPRT to be \$500,000. Ms. Helsabeck added the additional PPRT funds to the estimated HVAC expense and reduced the mobile library expenses. She also added a \$150,000 contingency line as recommended by the auditors. Ms. Predmore noted that Ms. Helsabeck expects to receive \$300,000 in grants. She asked that line be reduced to \$200,000 and eliminate the contingency fund. There being no further discussion, Cheryl Predmore moved to approve the draft FY22/23 budget as revised. Dean LaVelle seconded. A roll call vote was held with the following results:

Ben Uzelac	yes	Cheryl Predmore	yes
Harry Ruth	yes	Angela Kettelman	yes
Dean LaVelle	yes	Jonathan Hoover	yes
Kathy Ridder	yes	Megan Duesterhaus-AuBuchon	absent
Clairice Hetzler	absent		

The motion carried with seven yes votes, zero no votes, and two absent.

C. Building & Grounds – Harry Ruth: Harry Ruth reported that the Building & Grounds Committee met on February 11, 2022. Tom Buchheit of Bric Consulting and City Engineer Jeffrey Conte were on hand to discuss the HVAC problems. Mr. Buchheit stated that changing the entire system could cost upwards of \$3 million. Mr. Conte stated he felt the Library should try and fix the existing problems rather than install a whole new system, and offered to contact Daikin asking for assistance. As stated in her Director’s Report, a representative from TMI was in the Library on March 8 to diagnose the problems. As soon as Kathleen Helsabeck receives a report from TMI and Daikin, she

will schedule a meeting of the Building & Grounds Committee.

D. Personnel – Clairice Hetzler: Clairice Hetzler was absent. The Personnel Committee did not meet.

E. Policy - Megan Duesterhaus-AuBuchon: Megan Duesterhaus-AuBuchon was absent. The Policy Committee did not meet.

F. Ad Hoc Advocacy – Dean LaVelle. Dean LaVelle reported that the Ad Hoc Advocacy Committee did not meet.

G. Mary Weems Barton/Quincy Public Library Foundation – Kathy Ridder. Kathy Ridder reported that the Foundation met on February 23, 2022, where they discussed the mobile library project and established a Foundation Fund-Raising Committee consisting of Jill Arnold Blickhan, Josh Welker, Hadley DeFraia, and Victoria DeMent. Ms. DeMent reported that the committee met to begin plans for an event on May 21 to announce that the bus has been ordered and kick off the next round of fund-raising for the project. The event will be held at the State Room; tickets will be \$50. Business sponsorships are being sought at varying levels. Board members were encouraged to solicit business sponsorships, and will be asked to purchase and sell tickets to the event.

IX. UNFINISHED BUSINESS

No Unfinished Business was brought before the Board.

X. NEW BUSINESS

A. Approval of Mobile Library Project. Kathy Ridder stated that the QPL Board has not formally approved the mobile library project and asked for a vote. Ben Uzelac moved that the Board formally approve and support the mobile library project. Angela Ketteman seconded and the motion carried.

B. National Library Week. Kathy Ridder announced that National Library Week will be April 3 – 9, 2022. The Board will be celebrating the week by providing treats for the staff throughout the week.

C. Scholarship Trust Funds. In answer to a question raised at the January Board meeting, Kathleen Helsabeck stated that she spoke with Library Attorney Joe Duesterhaus. He informed her that the Board could reinstate the scholarship program at any time, but must notify the Union. She stated that the previous program was funded through library trust funds and provided financial information on the trust funds from the most recent audit. The Board recommended that the Policy Committee review the previous Tuition Reimbursement Policy and update it as needed.

D. IMRF Accelerated Payment. Kathleen Helsabeck stated that when a staff member receives at least a 6% increase and retires within ten years of that increase, the

Library is required to make an accelerated payment to IMRF to offset the additional pension costs. When the Board negotiated the 2018 contract that moved staff to a Paid Time Off system and bought out their remaining vacation and sick time, this triggered a need for accelerated payments for all staff who have retired or will retire before 2028. Most recently, the Library received invoices for Gay Miller and Val Stark who retired in December and January. Ms. Helsabeck stated that there will be several more accelerated payments before 2028 as the Library increases salaries to comply with minimum wage requirements.

E. Per Capita Grant Application. Kathleen Helsabeck presented the Per Capita Grant application with an overview of changes in census numbers, new per person rates, and anticipated awards. She expects QPL to receive \$57,221.35 and TQ to receive \$14,613.10 in grant awards for FY22/23.

F. Statements of Economic Interest. Kathleen Helsabeck reported that the statements of economic interest required to be completed for persons serving on a public body have been updated. A copy of the updated form and instructions were emailed to the Board. The forms are to be completed and submitted to the County Clerk by May 1, 2022.

XI. PUBLIC COMMENTS

There were no comments from the public in attendance.

There being no further discussion, Ben Uzelac moved to adjourn the meeting. Cheryl Predmore seconded, and the meeting was adjourned at 6:58 p.m.
