Staff Present: Bruce Alford, Chuck Bevelheimer, Gina Nottingham, Jason Parrott

Others Present: Ald. Kelly Mays, Ald. Jeff Bergman, Ald. Dave Bauer, Ben Sheedy, Isaac Miller, Gerald Huner, Kathleen Huner, Seth Martin, Donna Holtmeyer, approximately 10 other audience members

CALL TO ORDER: Brink called the meeting to order at 7:00 pm

APPROVAL OF MINUTES: Motion by Smith, seconded by Looten to approve the minutes of the April 26, 2022 regular meeting as presented. Motion carried, all in favor.

PUBLIC COMMENT ON NON-AGENDA ITEMS: None

Public Hearing Requested by Donna Holtmeyer to rezone 2009 Broadway Street from R1C to C2 for continued use as a parking lot (Ward 4)

Staff Review: Staff said it supports the request to rezone 2009 Broadway Street from R1C to C2 for continued use as a parking lot. Staff said the petitioner also owns 2007 Broadway Street, which is a vacant commercial building next door that is zoned C2. Staff said a potential lessee is interested in 2007 Broadway for at least one gaming parlor and 2009 Broadway for parking. Staff said a parking lot is not a permitted use in an R1C zoning district. Staff said 2009 Broadway Street is identified as commercial in the 2013 Neighborhood Land Use Plan, is contiguous to C2 zoning at 2007 Broadway Street and has previously been used as a hard surface parking lot for 2007 Broadway Street.

Questions for Staff: None

Petitioner: Donna Holtmeyer (5027 Lookout Ridge, Quincy, IL) said she did not have anything to add and was willing to answer any questions.

Questions for Petitioner: None

Audience Comments: None

Commission Discussion: None

With no further discussion, Dede made a motion, seconded by Citro to concur with the recommendation of staff and recommend approval of the request to rezone 2009 Broadway Street from R1C to C2 for continued use as a parking lot as requested. The motion carried with all present voting in favor.

Brink welcomed Alderwoman Patty Maples as the newest member of the Quincy Plan Commission, replacing Katie Awerkamp. Brink also welcomed Andrew Jones, who joined the Plan Commission in April.

Public Hearing requested by Seth Martin (Chicory Properties) for a Special Permit for Planned Development to renovate 1301 College Avenue, an existing single-family residence within a single-family zoning district, for use as a two-family residential unit (duplex), zoned R1C (Ward 2)

Staff Review: Staff said it supports the special permit for planned development to renovate the existing single-family residence within a single-family zoning district at 1301 College Avenue for use as a two-family residential unit (duplex). Staff said there are several existing duplexes located within a couple blocks of the subject lot despite the R1C zoning. Staff also said there is a large R2 zoning district, which allows for duplexes, less than 100 feet away so a duplex at 1301 College Avenue would not affect the nature of the neighborhood.

Questions for Staff: None

Petitioner: Seth Martin (2122 Rees Drive) said he had nothing to add but would answer questions.

Questions for Petitioner: Smith said the structure appeared to have been added onto over the years. He asked if it had always been a single family residence. Martin said it appeared it had been operated at one point as a two-family unit. Smith asked if it was Martin's intention to turn the structure into a viable two-family unit. Martin said it was.

Audience Comments: None

Commission Discussion: None

With no further discussion, Citro made a motion, seconded by Looten to concur with the recommendation of staff and recommend approval of a special permit for planned development to renovate 1301 College Avenue, an existing single-family residence within a single-family zoning district, for use as a two-family residential unit (duplex) as requested. The motion carried with all present voting in favor.

Public Hearing requested by Shottenkirk Chevrolet to amend a Special Permit for Planned Development (Ordinance 93-51) for property located at 1537 North 24th Street (Formerly 2304 Locust Street) to increase the number of overhead doors allowed from four to six and to replace the phrase "body shop" with the phrase "general auto repair." (Ward 3)

Staff Review: Staff said it supports the request by Shottenkirk Chevrolet to amend a Special Permit for Planned Development (Ordinance 93-51) for property located at 1537 North 24th Street (Formerly 2304 Locust Street) to increase the number of overhead doors allowed from four to six and to replace the phrase "body shop" with the phrase "general auto repair" as requested. Staff said the two additional overhead doors have already been installed by the petitioner despite multiple requests from the city to halt construction prior to a review by the Plan Commission. Staff said, because of that, it is greatly concerned about how that decision by the petitioner could affect how others regarding Special Permits in the future.

Questions for Staff:

Citro: Are six doors allowed?

Staff: No based on the ordinance stating four doors

Citro: Does the plan commission work in a vacuum?

Staff: No as the commission takes in public input and neighborhood impact

Looten: Any other precedent of a property owner taking action like this without the proper permits or review by the Quincy Plan Commission?

Bevelheimer said the city has always given people the benefit of the doubt to try to seek administrative relief through the Plan Commission and City Council to address a violation.

Citro: Have we every denied anything that had already been done?

Staff and members of the Plan Commission provided multiple examples of instances where someone proceeded without the proper permits and the Plan Commission denied administrative relief and denied requests to approve after the fact.

Citro: Have we approved work done prior to Plan Commission review?
Staff and members of the Plan Commission discussed a couple of instances in which relief was granted after the fact by the Plan Commission and the Quincy City Council.

Smith: The building itself is correctly zoned?
Staff: Yes

Smith: The lot in question is not used as zoned, it is by Special Permit?
Staff: Yes

Smith: So the back wall of the dealership should not be subject to the Special Permit?
Alford: This used to be done with special permits. If this was written today, there would not be conditions included that pertain to the building, only the parking lot.

Smith: So there could be any amount of doors on the building based on the current zoning code?
Staff: Yes

Smith: So the number of doors should only be considered if it violates the zoning?
Bellis: I agree

Citro: So there is nothing in the special permit that would not allow 2304 parking lot to allow as ingress and egress and the doors are in C2.

Smith: I think this is purely a question if the council decides to change the ordinance. We are not being asked to change something that we do not have jurisdiction over.

Brink then asked the Petitioner (Ben Sheedy) and the Interested Parties (Gerald & Kathleen Huner) to come forward. Nottingham swore in the Petitioner and the Interested Parties

Petitioner: Sheedy (309 S. Gear Avenue, West Burlington, Iowa) thanked staff for their time over the past two months.

Brink then allowed the Interested Parties to ask questions.

Questions for Petitioner from Interested Parties:

G. Huner: Have there been six overhead doors at this location since March 25?
Sheedy: Yes

G. Huner: Did you receive permission to install the doors prior to March 16?
Sheedy: We hired a general contractor to oversee the project (Baxter Construction out of Fort Madison). The GC hired Architechnics out of Quincy to design the project. Our agreement was for Baxter to be responsible for permitting. They contacted the city and was told no permits were needed. Most of the work was completed a long time ago inside the building. He said the doors were ordered at least six months ago. We received an email from the city stating that a permit was not needed, which staff referred to in the review. When the doors were installed specifically, I cannot answer that.

G. Huner: Has the city told you the business is in violation for installing the six doors?
Sheedy: Yes, we received formal notification in April

G. Huner: Did they that you would be fined for this violation unless you came here to ask for modification of this permit?
Sheedy: No

G. Huner: If the city was not going to fine you, would you be seeking this request at all or would you use the lot as you wanted?
Sheedy: No, we would not without the notice of violation

G. Huner: Did you think about the impact on the neighbors when completing the work?

Sheedy: No. Our main concern was being able to service the city of Quincy. We cannot keep up with the demand for oil changes. It is truly an operational decision.

G. Huner: Why did you not reach out to us about this work until after the city told you were violating this permit?

Sheedy: We left you two messages after the contact with the city

G. Huner: Why have your employees been violating other aspects of the permit, i.e. leaving cars on the lot overnight and parking non-employee cars on the lot?

Sheedy: I was not aware of this permit, nor were the employees there. Since the April meeting, I have instructed them to not park there.

G. Huner: This was since March 25?

Sheedy: I spoke with the employees after the meeting with the city the week of April 25

G. Huner: How often do you believe each door will be open in a given hour?

Sheedy: Twice. It takes 25-30 minutes for the oil change

G. Huner: How long do you think each door will be open?

Sheedy: As long as it takes to drive the vehicle in and out of the building

G. Huner: How do you plan to move non-operational vehicles on that lot as tow trucks are not allowed on the lot?

Sheedy: This part of the property is for general maintenance, simple repairs. The more intense work would be done in another part of the building accessed from the north

G. Huner: If this is a lower volume of work, why do you need more doors?

Sheedy: It is not low volume work, it's actually a high volume work area because more people are getting general maintenance done

G. Huner: Will you hire more people to work there?

Sheedy: No, we have already hired

G. Huner: Have you considered the impact on traffic on Locust Street when moving vehicles from this lot to the main lot?

Sheedy: They will access to Locust. We also have a north entrance

G. Huner: Do you plan to train the employees on how to use the doors in reference to the ordinance as far as when to open the doors and avoiding someone honking the horn repeatedly to get the door open?

Sheedy: Absolutely

G. Huner: How do you intend to keep customers from using the lot for parking when you cannot keep your employees from using the lot in violation of the permit?

Sheedy: Most customers park in the front lot or pull in the service drive. They don't park on that side and walk around the building.

G. Huner: Who at Shottenkirk will be in charge of making sure the permit is followed and are they here tonight?

Sheedy: That would be me. I gave every resident within 250 feet my personal cell phone number. Lonnie Schuyler is the General Manager and his phone number is included as well.

G. Huner: On March 16, we told you of the special permit regarding the doors and the city told you to halt construction and you ignored us. If the Plan Commission approves this amendment, how will you respond if the city or the neighbors inform you of future violations?

Sheedy: I had a phone call and email conversation with your daughter. I offered to fix the fence, replace the landscaping to try to be neighborly.

G. Huner: Would a good neighbor ignore the requests from the city and the neighbors?

Sheedy: Our main objective is we are a for-profit enterprise. We made the decision to move forward because the lifts were already installed and the doors were already cut.

G. Huner: Would you want three overhead doors operating outside of your living room?

Sheedy: The dealership has been there for many years. We purchased it, we did not build it.

G. Huner: The question is, would you want three overhead doors operating outside of your living room?

Sheedy: Yes

G. Huner: Can you understand why someone might not want them?

Sheedy: Yes

G. Huner: Can you understand why we believe Shottenkirk is no longer a trustworthy business and why we believe the terms of the permit will be violated again in the future?

Sheedy: I certainly understand your concerns

Questions from the Commission to the Petitioner:

Citro: Your experts knew there was a special Permit?

Sheedy: No

Citro: so they called the building inspector and was told you could move forward?

Sheedy: Yes

Citro: based on that, you proceeded?

Sheedy: Yes

Interested Party Testimony:

G. Huner (2300 Locust) said it is unfortunate they have to be there tonight. He said this permit was negotiated in the past by many parties over many years. He said mistakes were made by Shottenkirk and by the City and us, the neighbors, have to suffer for those mistakes. He said this commission can reward Shottenkirk and we will have a neighbor who has been told they can do anything they want. He said the business has shown it has no regard for the city or its neighbors. He said the business has violated multiple terms of the permit involving parking and overnight use. He said the parking lot across Locust is also in violation. He said it is clear that the business does not intend to follow any rules set forth by the city. He said their objections are not only to the number of doors but also to the location of the doors as the permit said they should be located at the rear of the building. He said Shottenkirk has also not submitted plans showing the additional doors to the city for review. He said the city and Shottenkirk are ignoring the language of the permit related to the number of the doors and the location of the doors. He said he does not believe this permit will be abided by in the future. He said this will call into question the effectiveness of all special permits in the future.

Question from Commission to Interested Party:

G. Davis: Were you living there when this originally took place?

G. Huner: Yes

G. Davis: Did you object at that time?

G. Huner: Yes. We had people come to object at the meetings in 1988, 1990 and 1993. We also had petitions from neighbors objecting to the parking lot.

Interested Party Testimony:

K. Huner (2300 Locust) said she can't believe we are doing this again. She said these cars come in late at night and on the weekends. She said that lot is constantly used and now they unload cars across from our house. She asked why the business did not have to pave the lot across the street and unload the cars. She said this is a big deal for her family. She said when she saw the saw cutting through the brick, she thought not again. She said she told them about the permit and told them to call the city. She described her experience seeing the doors being cut out and then installed. She said she should not have to defend her property.

Question from Petitioner to Interested Parties: None

Audience Comments:

Eleanor Dennis (2233 Maple) said she was around when the permit was granted and she opposed the project at that time. She said everyone involved knew about the permit at the time. She said if there is an ordinance that is how an average person can help their situation. She said the ordinance should be maintained and used.

Larry Bramhorst (2228 Maple) said his comments regard the lighting. He said he wants to make sure there are no lights added to the overhead doors because there is already too much light shining on his property from the updated overhead lights at the business. He said the lights are so bright in his backyard that you need sunglasses at night because of the lights. He said the GM of the store worked with him well on drainage issues in the past.

Commission question to Petitioner:

Citro: So you thought the city approved you to install the doors?

Sheedy: My understanding was that no permit was needed

Citro: At what point did the city tell you, as there was confusion, it had serious concerns?

Sheedy: They did tell us they had concerns

Citro: At what stage of the construction when you learned the city had concerns?

Sheedy: When one of the openings was cut.

Citro: The city asked you to stop construction?

Sheedy: Yes

Citro: And you did not?

Sheedy: Yes

Citro: Why?

Sheedy: The openings were already cut and the doors were already ordered and the lifts inside were already installed.

Citro: So you ignored the city?

Sheedy: Essentially. We were so far down the line, we would have had to have closed that part of the building due to internal changes.

Citro: But the city requested you to stop and you did not?

Sheedy: I received a phone call. I did not receive any formal notice from the city until the end of April when the door was in.

Petitioner Closing Statement:

Sheedy told Bramhorst that he would look into doing something about the lighting. Sheedy said there are no plans to light the overhead doors.

Interested Parties Closing Statement:

K. Huner said they knew about this on March 16th and on March 25th, they are working again and worked over the weekend. She said she called her alderman over the weekend and the work was done after that.

G. Huner asked the commission a series of rhetorical questions to consider as they deliberate regarding the practices of the commission and the enforcement of permits.

Closing Statement from Petitioner in Response: None

Brink asked Staff to clarify the timeline described in the staff review. Staff provided a recap of the staff review including the initial phone call from Shottenkirk to Parrott and the initial phone call from the architect to Building Inspector Michael Seaver, how they occurred at the same time and how staff responded.

Citro: What was the gap from when the inspection department told the contractor that the project could proceed and the time from when the inspection department told the contractor to halt construction?

Staff: Approximately two hours

Citro: so the period of time Shottenkirk would have not known they were in violation?

Staff: Approximately two hours

Staff continued to describe the timeline and how the city informed them to halt construction. Bevelheimer said Seaver sent an email saying there was no special permit and then sent an email saying there was a special permit within a couple hours. Staff said a petition to amend the ordinance was provided to the architect on March 17.

Staff said the city learned on March 28 that corporate made the decision to proceed.

Staff said the exact date of completion is not available.

G. Davis: Staff said the ordinance would take precedent over the C2 zoning. Is that the opinion of legal counsel?

Alford: The ordinance is in place so if the doors are installed, it voids the special permit. So since the lot is RIC, the parking lot would no longer be allowed so the hard surface would need to be removed. Now there would be no access to the doors without the special permit.

G. Davis: Was there a building permit required for the modifications?

Bevelheimer: No

G. Davis: The ordinance says “the four.” There does not appear to be a limit. I don’t see this as a limit.

Alford: That is why staff spoke with people involved in the past to determine the intent. I could argue the ordinance is vague and I could argue that four means four doors. He said the language would be more specific if it is changed.

R. Smith: Your records show who was at the meetings?

Staff: We were not aware of the meeting until we looked into it more. We were aware of former alderman Roger Schoenkase holding the meeting and former alderman Bob Klingele remembering the meeting.

R. Smith: So you are going off of recollections?

Staff: Correct... we do not have a list of attendees.

Smith: I want it known I was not at any of those meetings. I was only on the City Council at the time this was considered. I was not involved in the crafting of the ordinance.

Citro: It seems the ordinance could say doors if there was no number intended. In your discussions at that time, was the number four critical?

G. Huner: We got it down from a bunch of doors to four

Citro: Clarify?

G. Huner: They wanted 6-7 at first

Citro: So there was a compromise to four?

G. Huner: Yes. There was also an agreement on the location of the doors, but there is one door that was not installed in the right location. It was supposed to be on the rear half of the wall.

Citro: So it was a compromise?

G. Huner: Yes.

Mays: Had Shottenkirk come to the Plan Commission before installing the doors, would you have supported it?

G. Huner: No

Brink: Curious about the parking lot at the Northwest Corner. It has not been paved and it is used for vehicle parking.

Sheedy: Are there cars on there today?

Brink: Oh yes, about a dozen. There are several that don't look like they have moved for a while. It appears to be an overflow area for you. Here is another example of you not following the rules.

Sheedy: I learned at the end of April that the lot was not being used appropriately. I contacted the store at that time and told them not to use the lot. I will make it crystal clear that that lot is not to be used for parking. We could sell it or we could pave it correctly.

Dede: If the plan commission votes to approve the changes, can the petitioner still be held liable with the prior wrong-doing, receiving notice of violation?

Alford: I do not think we can. When we gave the notice, the petitioner asked how this can be resolved. We told them they could come before the Plan Commission, which they did. I don't think we would pursue it further.

Bevelheimer: We said you can amend the permit, you could rezone it or board the doors up. They are choosing this route so we would not pursue further penalty

G. Davis: It seems the agreement in 1993 was hard-fought. It also appears a change would be a repudiation of what they fought for.

Smith: Also keep in mind, it was a mess and it was harder than it is now. There were so many neighbors in here. That was Buford Ward, this is Shottenkirk.

Citro: But the ordinance is in place, irrespective of who owns it

Smith: Correct

At this point, Bellis asked that the record reflect that he would abstain from the vote due to a potential conflict. Brink noted that for the record.

Citro: How do we sit here and ignore an ordinance and we ignore the process that everyone did 30 years ago. How do we ignore it when the situation has not changed and the people have not changed?

With no further discussion, Citro made a motion, seconded by G. Davis, to oppose the recommendation of staff and to recommend denial of the proposed amendment to a Special Permit for Planned Development (Ordinance 93-51) for property located at 1537 North 24th Street (formerly 2304 Locust Street) to increase the number of overhead doors allowed from four to six and to replace the phrase "body shop" with the phrase "general auto repair." The motion carried with 8 voting Yes (Brink, Citro, G. Davis, Dede, Jones, Looten, Maples, & Smith), 1 voting No (Mays) and one member who abstained (Bellis).

ADDITIONAL BUSINESS FOR THE COMMISSION: None

ADJOURNMENT: With no further action to come before the commission, the meeting adjourned at 8:23 pm.

Petitioner: Donna Holtmeyer
Petition: Rezone 2009 Broadway Street (R1C to C2)
Ward: 4

BACKGROUND:

The subject lot (shown in yellow above) is approximately 7,500 square feet and zoned R1C (single-family residential). It is hard-surface and there is an existing chain-link fence that runs east-west across it. The northern portion measures 3,400 square feet while the southern portion (fronting Broadway) is 4,100 square feet. The northern portion includes an unfinished shed or garage. There are residential units to the immediate north and east (zoned R1C), a retail store to the immediate south (zoned C2) and a vacant commercial property to the immediate west (zoned C2). The vacant commercial property (2007 Broadway Street) is also owned by the petitioner.

The petitioner says a potential lessee is interested in the vacant commercial building for use as one (and possibly two) gaming parlors with alcohol sales. That lot is zoned C2, which allows for alcohol sales, which is a requirement to operate a gaming parlor. The lease would include the use of the southern portion of the subject lot for parking, similar to its prior uses as a parking lot for the vacant commercial building. The subject lot is zoned R1C. A parking lot is not a permitted use in an R1C zoning district.

Staff informed the potential lessee of the need to rezone the subject lot for continued use as a parking lot. C2 zoning would be in line with the existing zoning for 2007 Broadway Street.

Records available through the Quincy Township Assessor's Office do not indicate any past use of the subject lot as a residence. It is unclear how long the subject lot has been a hard-surface parking lot.

Staff has not received any calls regarding the petition.

NEIGHBORHOOD LAND USE:

The 2013 Neighborhood Land Use Plan identifies 2009 Broadway Street as commercial use.

STAFF COMMENTS/RECOMMENDATION:

Staff supports the rezoning of 2009 Broadway Street from R1C (single-family residential) to C2 (commercial) as proposed.

The subject lot is identified as commercial in the 2013 Neighborhood Land Use Plan, is contiguous to the C2 zoning classification for 2007 Broadway Street, and has previously been used as a hard surface parking lot.

The rezoning would also bring the subject lot in compliance with City Code as a parking lot is not a permitted use in an R1C zoning district.

City Code requires landscape buffers and sight-proof fencing in most instances in which a commercial parking lot abuts a residential property. While this rezoning would result in such a scenario, the petitioner would not be required to add the landscaping buffers and sight-proof landscaping because this is an established, long-existing parking lot.

Staff Review

Petitioner: Shottenkirk Chevrolet (represented by Ben Sheedy)
Petition: Amend Special Permit for Planned Development (Ordinance 93-51) for property located at 1537 North 24th Street (formerly 2304 Locust Street). The amendment would increase the number of overhead doors on the western elevation of 1547 North 24th Street from four to six and would replace the phrase “Body Shop” with the phrase “General Auto Repair.”
Ward: 3

BACKGROUND:

The subject lot is at the southwest corner of 24th and Locust Streets. It is a vehicle dealership with onsite sales, maintenance and repairs. The Ordinance under consideration (93-51) refers to a parking lot (shown above in yellow) in the northwest corner of the subject lot.

The previous address of the parking lot was 2304 Locust Street. There was a home located at 2304 Locust Street until late 1988 when it was relocated to the 1200 block of Monroe Street. The parking lot was combined with 1537 North 24th Street in 1995.

The parking lot is approximately 9,000 square feet and is zoned R1C (single-family residential). A parking lot is not a permitted use in an R1C zoning district. The remainder of 1537 North 24th Street is zoned C2, of which a vehicle dealership with on-site sales and maintenance is permitted.

A copy of ordinance 93-51 is included in your packet. As stated above, the petitioner seeks to replace the single reference to "BODY SHOP" in the ordinance with the phrase "GENERAL AUTO REPAIR" to better reflect the work done at the business and to increase the number of overhead doors allowed on the western wall of the building from four to six (section six).

Staff would note at this time that the petitioner has already installed the two additional overhead doors that are mentioned in the proposed amendment to the Special Permit for Planned Development. So this request is to seek permission to increase the number of doors after the number of doors has already been installed.

As shown in the photo above, the four blue circles represent the doors that were in place prior to March 16, 2022 while the two red circles represent the new overhead doors that have been installed since March 16, 2022.

TIMELINE:

Staff believes it is appropriate to provide a history of this ordinance as it dates back to the mid-1980's. The information that follows was obtained to the best of staff's ability based on available documents and records.

Buford Ward Chevrolet operated at 24th and Locust Streets in the mid-1980's. There was a home located at 2304 Locust Street (shown in yellow above) due west of the vehicle dealership.

1988-1993

On three occasions (1988, 1990, and 1993), Buford Ward petitioned the Quincy Plan Commission for a Special Permit for Planned Development to construct a hard-surface employee parking lot at 2304 Locust Street. The requests in 1990 and 1993 also requested permission to provide employees access to the main building.

The 1988 and 1990 petitions were denied by the Quincy Plan Commission. Staff notes at the time indicate a significant amount of opposition from neighbors at each Plan Commission meeting as well as the submission of petitions (50+ signatures) and letters in opposition of the proposed parking lot. Neither request was submitted to the Quincy City Council following the recommendation for denial by the Quincy Plan Commission.

Buford Ward also requested to rezone the property at 2304 Locust Street from R1C to C2 in 1989, but records indicate that request was withdrawn before reaching the Plan Commission.

The Quincy Plan Commission recommended approval of the 1993 petition for a Special Permit for Planned Development to construct a hard-surface employee parking lot at 2304 Locust Street on a 5-4 vote. Records indicate there again was heavy opposition to the proposal.

The recommendation to approve the Special Permit for Planned Development from the Plan Commission included seven conditions, listed below:

- Water retention, approved by the City Engineer, must be provided on south end of the parking lot

- Hours of operation for the body shop are from 6am-6pm, Monday-Friday only
- A six-foot-high fence will be constructed along the south property line and 5-foot from the west property line. Landscaping will be provided along the west side of the fence.
- This parking lot is for employees only. No cars will be there overnight. No wrecked cars will be parking on this lot
- Snow is to be piled along the south fence line, near drain
- The overhead doors must be kept closed at all times except when a car is being driven in or out of them
- A final plat must be submitted showing the above requirements prior to final approval.

Ordinance 93-51 (SP for PD for 2304 Locust Street) was presented to the Quincy City Council for consideration in September 1993. The final vote was held on October 12, 1993. Staff has been told that prior to the final vote by the Quincy City Council, an informal meeting took place at the site of the proposed parking lot between the business and its representatives, some of the neighbors, and several members of the Quincy City Council. It was during this meeting that several amendments to Ordinance 93-51 were discussed and agreed upon. 3rd Ward Alderman Roger Schoenekase presented the amended ordinance for final approval on October 12, 1993.

The final ordinance is attached with this review. The commission should note Section 3/Item 6:

- The four overhead doors must be kept closed at all times except when a vehicle is being driven in or out of them. All doors to be installed will be kept to the rear portion of the building as agreed to.

The final version of Ordinance 93-51 specifically mentions four overhead doors while the original version of Ordinance 93-51 does not mention a specific number of overhead doors. Staff believes, based on discussions that will be mentioned later, that four was selected for a reason. Again, the City Council approved 93-51 with the four-overhead door reference in October 1993.

1995-2001

In 1995, the vacant lot at 2304 Locust Street was merged into the subject lot, 1537 North 24th

Shottenkirk Chevrolet acquired the vehicle dealership in 2001. Staff should note that a copy of Ordinance 93-51 was recorded, so it would have been available to the Shottenkirk Chevrolet at the time of purchase.

2022

Shottenkirk Chevrolet called me on March 16, 2022. An employee said the business planned to install two additional overhead doors on the west side of the building at 1537 North 24th Street. He said as crews began to work, a neighbor said the additional doors were not allowed because of Ordinance 93-51. I suggested Shottenkirk halt construction so the city could look into the matter. I contacted the City Clerk's office to get a copy of 93-51. After that, I pulled the file for the SP for PD for 2304 Locust Street from our archives and reviewed it with Planning Director Chuck Bevelheimer. Our analysis was the number of doors was limited to four. I informed Shottenkirk of our analysis and said any additional doors would require an amendment to the SP for PD and Ordinance 93-51. I also asked the business to continue halting construction.

Staff should note at this time that there is no limit to the number of doors that would be allowed to the building as it is zoned C2. But because the number of doors was specifically mentioned in Ordinance 93-51, staff interpreted the Ordinance would take precedent over the C2 allowances.

At almost the exact same time as my conversation with a representative of Shottenkirk Chevrolet, Building Inspector Michael Seaver received a phone call from the local architect on the project, asking about the installation of the doors. Seaver went to the archives to look for the file on 2304 Locust Street, but did not find the file because Bevelheimer and myself were reviewing it. As a result, Seaver provided the architect an email that said the construction was allowed to proceed.

I received a phone call soon after from a neighbor stating that construction had resumed. I called the business and they said they received permission to proceed from the building inspector. Myself, Bevelheimer and Seaver quickly met and realized we received simultaneous phone calls seeking the same information and because Bevelheimer and I had the file, Seaver could not find it. Seaver quickly alerted the architect of the situation and construction was halted.

A neighbor, on March 25, 2022, visited the Department of Planning and Development and said construction had resumed. The neighbor also followed up with a phone call. I called and emailed the general manager to remind the business of the special permit, but received no response. I drove by the business after work and saw that one new door opening had been cut.

I called the business on March 28, 2022 and was told the decision to proceed with the installation of the doors came from the corporate office in West Burlington, Iowa. Staff left a message with the corporate office and ended up speaking with the petitioner, Ben Sheedy.

Staff and city leaders spoke by phone with Mr. Sheedy twice on March 28, 2022 regarding the installation of the two additional doors. Mr. Sheedy said he had been in communication with city staff regarding this project since April 2021 and had purchased the doors based on those conversations. Staff has been unable to find any record of such communication regarding the installation of more overhead doors. Mr. Sheedy also cited the letter received from the Inspection Department on March 16 allowing the installation to begin. Staff informed him of the circumstances surrounding that letter (as described above). Mr. Sheedy said in the opinion of his company's legal counsel, the ordinance is quite vague and that the business is well within its rights to install the two additional overhead doors. The city said it would continue to look into the issue.

The two new overhead doors were fully installed prior to April 15, 2022, resulting in three doors on the southern portion of the western wall and three doors on the northern portion.

Staff met twice with some of the neighbors of the subject lot to discuss the history of the project and the process moving forward.

Staff contacted individuals involved in the discussions in 1993 ahead of the passage of Ordinance 93-51.

- Judi Maas (retired city zoning administrator) - 4/7/22
- Terry Gruessmeyer (former 1st ward alderman) - 4/8/22
 - o The opinions of Maas and Gruessmeyer are the four overhead doors mentioned as Section 3/Item 6 of Ordinance 93-51 means only four overhead doors.
- Roger Schoenekase (former 3rd ward alderman) - 4/11/22
 - o Schoenekase said the final language of Ordinance 93-51 was based on a meeting at the site with the service manager for Buford Ward, the neighbors, and aldermen. He said the four doors were all that Buford Ward wanted at the time and that a compromise was necessary on the part of the neighbors to permit access. The neighbors wanted to make sure the doors remained closed unless a vehicle was entering/exiting. The ordinance was based on the agreement from all sides involved.
- Gary Sparks (former Director of Administrative Services) - 4/7/22
- Bob Klingele (former 3rd Ward alderman) - 4/7/22
 - o Sparks and Klingele recalled the situation but could not remember specifics.

Staff and city leaders met again with Mr. Sheedy, in person, the week of April 25. During that meeting, Shottenkirk Chevrolet (via Mr. Sheedy) received a Notice of Zoning Violation:

- Vehicles are parked in the parking lot after 6:00 pm during the week and on weekends
- Two overhead doors have been added to the building.

Mr. Sheedy asked about potential remedies to the Notice of Zoning Violation. Staff responded:

- Apply to have the parking lot previously identified as 2304 Locust Street rezoned from R1C to C2, to align it with the rest of the property at 1537 North 24th Street. A parking lot is a permitted use in a C2 zoning district.
- Apply to amend the SP for PD in Ordinance 93-51 to allow for a total of six overhead doors, as opposed to the four overhead doors that are identified in the ordinance.

Mr. Sheedy said the business would consider its options. It did submit this petition prior to the deadline for inclusion on the May 2020 Quincy Plan Commission agenda.

Since the public notification process began, the city has received one phone call regarding the petition. The caller asked several questions of staff, but did not have any comments.

NEIGHBORHOOD LAND USE:

The Neighborhood Land Use Plan of 2013 identifies the parking lot area that was previously 2304 Locust Street as commercial.

STAFF COMMENTS/RECOMMENDATION

Staff recommends the Quincy Plan Commission recommend approval of the amendment to Section 3/Item 2 of the Special Permit for Planned Development to allow for the phrase "BODY SHOP" to be replaced by the phrase "GENERAL AUTO REPAIR." Staff believes the amended language is in line with the vehicle maintenance/repair work being done at the dealership based on the description of the work provided by the petitioner.

The preparation of a staff review almost exclusively involves staff determining how a petition fits in with City Code, Long-Range Planning, and Land Use/Zoning requirements. Staff recommendations do not take into account potential public support or opposition to a petition.

So in a vacuum, when reviewing the request to amend Section 3/Item 6 to allow for an increase in the number of overhead doors from four to six in a vacuum, staff would support the Quincy Plan Commission recommending approval of the increase of allowable overhead doors from four to six. A C2-zoned building does not have a limit in the number of exterior doors that can be constructed and staff does not see the addition of two more overhead doors as having a significant impact on the neighborhood so long as the business abides by the terms of Ordinance 93-51 and limits the hours of operations and requires the doors to be shut when not in use.

Again... this recommendation would not take into account public support or opposition.

BUT... staff is extremely concerned with the precedent that could be set by the granting of the amendment to this Special Permit for Planned Development to allow for the addition of two more overhead doors. The concern is that the holder of the SP for PD blatantly ignored it, despite repeated requests from city staff, and is now seeking forgiveness instead of permission.

Staff's interpretation of Ordinance 93-51 from the start has been that the business could only install a maximum of four overhead doors. Any addition beyond that would require an amendment to the Special Permit for Planned Development established in Ordinance 93-51.

But staff does not believe the issue at hand is the appearance or the practicality of the overhead doors. It is the expectations of the community that when a Special Permit for Planned Development is granted by the Quincy City Council, it will be enforced.

Staff acknowledges the language of the ordinance could have been written in a more clear and concise manner, but it is the belief of city staff that the intent of Ordinance 93-51, as written, is that there should be a maximum of four overhead doors along the western wall of the building, no more.

There have been plenty of opportunities since this issue came to light two months ago that the parties involved could have reached an understanding on the language of Ordinance 93-51 that is mutually beneficial to everyone. Instead, despite several requests from city staff to halt construction, the business proceeded with the installation of the two new overhead doors and is seeking the authority to maintain them.

There must be an expectation that when the Quincy City Council approves a Special Permit for Planned Development that the Special Permit for Planned Development will be enforced and that the recipient will not be allowed to pick and choose what they follow and what they ignore.

So to reiterate, in a vacuum, staff would recommend the Plan Commission recommend approval of the amendment to allow for two additional overhead doors based on the preparation of staff review and the procedure used to do so, without taking into account public input. But staff would

echo its concerns regarding the need to protect the validity of Special Permits for Planned Developments and similar documents going forward.

Petitioner: Seth Martin (Chicory Properties)
Petition: Special Permit for Planned Development to renovate 1301 College Avenue, an existing single-family residence within a single-family zoning district, for use as a two-family residential unit (duplex).
Ward: 2

BACKGROUND:

The subject lot, 1301 College Avenue, is a two-story brick home at the northeast corner of 13th and College Avenue, located in Ward 2. The petitioner has provided proof of ownership of the lot. Online records show the home is 1,600 square feet with 3 bedrooms and 2 bathrooms.

The petitioner requires a Special Permit for Planned Development as a two-family residential unit (duplex) is not a permitted use in an R1C (single-family residential) zoning district.

The image above shows the subject lot with a light blue circle and red symbol. To the immediate west, north, and east (shaded purple) are residential properties that are zoned R1C (single-family residential). To the immediate south and southwest (shaded green) are residential properties that are zoned R2 (two-family residential). The vast majority of the homes are single family.

There are three dark blue circles on the image above (N, E, & NE) showing two distinct address points per the available GIS data. The three locations are located within the R1C zoning district.

Staff was asked to also consider a rezoning of the subject lot from R1C to R2. Staff felt a special permit for planned development was the more appropriate method as a rezoning would result in the subject lot being the only lot on that block with an R2 zoning designation.

Staff has not received any phone calls regarding this petition.

NEIGHBORHOOD LAND USE:

The 2013 Neighborhood Land Use Plan identifies 1301 College Avenue as single-family residential.

STAFF COMMENTS/RECOMMENDATIONS:

Staff supports approval of the Special Permit for Planed Development to allow for the renovation of a single-family residence at 1301 College Avenue in a single-family zoning district to a two-family residential unit (duplex), with one condition.

Condition: The petitioner must apply for and receive the proper permits for the project, including, but not limited to electrical and plumbing permit. A licensed electrician and plumber must be hired to do electrical and plumbing work as required by City Code. Failure to comply will result in the Special Permit for Planned Development being deemed null and void.

Staff supports approval based on the proximity of a two-family residential zoning district to the subject lot and the presence of several duplexes within the existing single-family residential zoning district in which the subject lot is located. Staff does not believe this request would affect the integrity of the neighborhood will adding one additional living unit to the neighborhood.

To: The Honorable Mayor Troup and
City Council members
From: Marty Stegeman
Transportation Director
All;

Included in this week's agenda you will find a resolution for the acceptance of a Capital Grant from IDOT. In March the City Council authorized the submission of an application for this grant. We have now been awarded the grant and contract paperwork is ready to be signed. One point to note is that the original application request was for \$2.5 million we have been awarded \$2.8 million.

Quincy Transit has been trying to get a grant to rehabilitate the old transit facility located at 1900 Seminary road. This is being done to allow for several issues that need to be addressed. Currently our office facility does not meet ADA standards for access to the public. There are several issues included in this; first the concrete leading to the facility does not meet the ADA slope requirement, second the door does not have an automated entry point, third there are no sidewalks from the nearest potential bus stop (18th & Seminary) to the current location. Relocating to the 1900 Seminary location will address these issues.

Additionally; we have for more than 10 years been trying to get an automated bus wash system. This grant will allow for us to accomplish this at the 1900 Seminary location as well. The benefits to the bus wash will be reduced water usage, as the system will recycle 95% of the water after it is used. Less soap will be used as well. Finally, we will cut the cleaning time on the exterior of the buses from 30 to 40 minutes per bus to around 6 minutes per bus.

The final portion of this grant will pay for the replacement of concrete at the Central Services / Transit garage facility at 2020 Jennifer road.

This grant award is for \$2,871,368.00 million and is 100% funded with no match from the City.

I am asking for your support in allowing us to accept the contract as it has been offered for the full amount of \$2,871,368.00 million.

Additionally, Grantee must comply with the standards set forth in 2 CFR 200.317-200.326 for use in establishing procedures for the procurement of supplies and other expendable property, equipment, real property and other services with Grant Funds. These standards are furnished to ensure that such materials and services are obtained in an effective manner and in compliance with the provisions of applicable federal and state statutes and executive orders.

22.4 Equipment Instructions. Grantee must obtain disposition instructions from Grantor when equipment, purchased in whole or in part with Grant Funds, are no longer needed for their original purpose. Notwithstanding anything to the contrary contained within this Agreement, Grantor may require transfer of any equipment to Grantor or a third party for any reason, including, without limitation, if Grantor terminates the Award or Grantee no longer conducts Award activities. The Grantee shall properly maintain, track, use, store and insure the equipment according to applicable best practices, manufacturer's guidelines, federal and state laws or rules, and Grantor

Additional insurance requirements may be detailed in **PART TWO** or **PART THREE**.

25.2 Indemnification. To the extent permitted by law, Grantee agrees to hold harmless Grantor against any and all liability, loss, damage, cost or expenses, including attorneys' fees, arising from the intentional torts, negligence or breach of contract of Grantee, with the exception of acts performed in conformance with an explicit, written

directive of Grantor. Indemnification by Grantor will be governed by the State Employee Indemnification Act (5 ILCS 350/1 et seq.) as interpreted by the Illinois Attorney General. 26.8 Applicable Law; Claims. This Agreement and all subsequent amendments thereto, if any, shall be governed and construed in accordance with the laws of the state of Illinois. this Agreement shall control. In the event there is a conflict between **PART ONE** and **PART TWO** or **PART THREE** of this Agreement, **PART ONE** shall control. In the event there is a conflict between **PART TWO** and **PART THREE** of this Agreement, **PART TWO** shall control. 26.16 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be considered to be one and the same agreement, binding on all Parties hereto, notwithstanding that all Parties are not signatories to the same counterpart. Duplicated signatures, signatures transmitted via facsimile, or signatures contained in a Portable Document Format (PDF) document shall be deemed original for all purposes.

26.17 Attorney Fees and Costs. If Grantor prevails in any proceeding to enforce the terms of this Agreement, including any administrative hearing pursuant to the Grant Funds Recovery Act or the Grant Accountability and Transparency Act, the Grantor has the right to recover reasonable attorneys' fees, costs and expenses associated with such proceedings.

26.18 Continuing Responsibilities. The termination or expiration of this Agreement does not affect; (a) the right of the Grantor to disallow costs and recover funds based on a later audit or other review; (b) the obligation of the Grantee to return any funds due as a result of later refunds, corrections or other transactions, including, without limitation, final Indirect Cost Rate adjustments and those funds obligated pursuant to ARTICLE XVII; (c) the Consolidated Year-End Financial Report; (d) audit requirements established in ARTICLE XV; (e) property management and disposition requirements established in 2 CFR 200.310 through 2 CFR 200.316 and ARTICLE XXII; or (f) records related requirements pursuant to ARTICLE XII. 44 Ill. The Grantee must submit written requisitions for reimbursement of the State share of eligible costs, and the Grantor will honor any properly submitted requests in the manner set forth in this Exhibit C. In order to receive grant payments pursuant to this Agreement, the Grantee must:
- (1) complete, execute and submit to the Grantor requisition forms supplied by the Department in accordance with the instructions contained therein;
 - (2) submit to the Grantor an explanation of the purposes for which costs have been incurred to date are or are reasonably expected to be incurred within the requisition period (not more than 30 days after the date of submission or as otherwise authorized by the Grantor), and vouchers, invoices, or other documentation satisfactory to the Department to substantiate these costs;

If all of these circumstances are found to exist, the Grantor shall reimburse apparent allowable costs incurred by the Grantee or reasonably expected to be incurred during the requisition period, from time to time, but not in excess of the maximum amount of the State share as shown in the approved Uniform Budget. Requisitions shall be submitted monthly or more frequently as agreed to by the Department

Reimbursement of any cost pursuant to this Exhibit C shall not constitute a final determination by the Grantor of the allowability of such cost and shall not constitute a waiver of any violation of the terms of this Agreement committed by the Grantee. The Grantor will make a final determination as to the allowability only after a final audit of the Project has been conducted.

EXHIBIT G
SPECIFIC CONDITIONS

Grantor may remove (or reduce) a Specific Condition included in this **Exhibit G** by providing written notice to the Grantee, in accordance with established procedures for removing a Specific Condition.

Additional Reporting Requirements may also be found in Part TWO and Part THREE of this agreement.

In addition to the uniform requirements in **PART ONE**, the Grantor has the following additional requirements for its Grantee:

3. Employment of Grantor Personnel -- The Grantee will not employ any person or persons currently employed by the Grantor for any work required by the terms of this Agreement.

Reporting. Grantee agrees to submit periodic financial and performance reporting on the approved IDOT BoBS 2832 form. Grantee shall file Quarterly BoBS 2832 reports with Grantor describing the expenditure(s) of the funds and performance measures related thereto.

The first BoBS 2832 report shall cover the first reporting period after the 2/1/2022 effective date of the Agreement. Quarterly reports must be submitted no later than 30 calendar days following the period covered by the report.

For the purpose of reconciliation, the Grantee must submit a BoBS 2832 report for the period 4/30/2024 (Grantee's Fiscal Year End date).

Security Interests. The Grantor may require the Grantee to record liens or other appropriate notices of record to indicate that personal or real property has been acquired or improved with a State or Federal award and that use and disposition conditions apply to the property. Illinois Works Jobs Program Act (30 ILCS 559/20-1 et seq.). For grants with an estimated total project cost of \$500,000 or more, the grantee will be required to comply with the Illinois Works Apprenticeship Initiative (30 ILCS 559/20-20 to 20-25) and all applicable administrative rules. The "estimated total project cost" is a good faith approximation of the costs of an entire project being paid for in whole or in part by appropriated capital funds to construct a public work. The goal of the Illinois Apprenticeship Initiative is that apprentices will perform either 10% of the total labor hours actually worked in each prevailing wage classification or 10% of the estimated labor hours in each prevailing wage classification, whichever is less. Grantees will be permitted to seek from the Department of Commerce and Economic Opportunity a waiver or reduction of this goal in certain circumstances pursuant to 30 ILCS 559/20-20(b). The grantee must ensure compliance for the life of the entire project, including during the term of the grant and after the term ends, if applicable, and will be required to report on and certify its compliance.

Notice of current or prospective legal matters. If this agreement, or any subcontract, is a "covered transaction" according to 2 C.F.R. §§ 180.220 and 1200.220, the Grantee must promptly notify the Grantor if a current or prospective legal matter emerges that may affect the Grantor or the federal government. The Grantee must include similar notification requirement in its Third Party Agreements and must require each Third Party Participant to include an equivalent provision in its sub agreements at every tier of non-procurement awards of any amount and all lower tiers of procurement transactions expected to equal or exceed \$25,000.

DBE Reporting. Grantee shall include DBE goals on all contracts as requested by the Grantor. Grantee must contact the Grantor's DBE/EEO Contract Compliance Manager for DBE requirements. The Grantor reserves the right to withhold

concurrence and/or reimbursement if a DBE goal is not included or is not satisfactory. Grantee shall report progress towards DBE goal attainment on the quarterly report (BOBS 2832).

IDOT Policy and Guidance. Grantee shall comply with all requirements set forth in the IDOT Transit Capital Grants Manual, as amended, which are incorporated herein by reference.

EQUIPMENT AND SUPPLIES

Grantee must obtain disposition instructions from Grantor when equipment or supplies, purchased in whole or in part with Grant Funds, are no longer needed for their intended purpose. Notwithstanding anything to the contrary contained within this Agreement, Grantor may require transfer of any equipment or supplies to Grantor or a third party for any reason, including, without limitation, an Award is terminated or Grantee no longer conducts Award activities. The Grantee shall properly maintain, track, use, store and insure the equipment and supplies according to applicable best practices, manufacturer's guidelines, federal and State laws or rules, including without limitation those contained at 2 CFR 200.310 to 2 CFR 200.326, and Grantor requirements stated herein. All obligations regarding use and ownership of equipment or supplies, purchased in whole or in part with Grant Funds, shall survive the termination of this Agreement.

ARTICLE XXVII

COOPERATION IN CONNECTION WITH INSPECTION

27.1 Grantee shall permit, and shall require its contractors and auditors to permit, the Grantor, and any authorized agent of the Grantor, to inspect all work, materials, payrolls, and it working papers, and other data and records pertaining to the Project; and to audit the books, records, and accounts of the Grantee with regard to the Project. The Grantor may, at its sole discretion and at its own expense, perform a final audit of the Project. Such audit may be used for settlement of the grant and Project closeout. Grantee agrees to implement any audit findings contained in the Grantor's final audit, the Grantee's independent audit, or as a result of any duly authorized inspection or review.

27.2 Grantee agrees to permit the Grantor to conduct scheduled or unscheduled inspections of Grantee's public transportation services. Such inspections shall be conducted at reasonable times, without unreasonable disruption or interference with any transportation service or other business activity of the Grantee or any Service Board.

27.3 The results or conclusions of such inspections, tests, and reports shall not be construed as altering in any way the Grantee's responsibility to conform its work to this Agreement, to maintain and repair such Project Facilities, maintain its work schedule, and to meet any other obligation assumed by the Grantee hereunder.

ARTICLE XXVIII

ETHICS

28.1 Code of Conduct

(a) Personal Conflict of Interest – The Grantee shall maintain a written code or standard of conduct which shall govern the performance of its employees, officers, board members, or agents engaged in the award and administration of contracts supported by state or federal funds. Such code shall provide that no employee, officer, board member or agent of the Grantee may participate in the selection, award, or administration of a contract supported by state or federal funds if a conflict of interest, real or apparent would be involved. Such a conflict would arise when any of the parties set forth below has a financial or other interest in the firm selected for award:

- (i) the employee, officer, board member, or agent;
- (ii) any member of his or her immediate family;
- (iii) his or her partner; or

(iv) an organization which employs, or is about to employ, any of the above.

The conflict of interest restriction for former employees, officers, board members and agents shall apply for one year.

The code shall also provide that Grantee's employees, officers, board members, or agents shall neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subcontracts. The Grantor may waive the prohibition contained in this subsection, provided that any such present employee, officer, board member, or agent shall not participate in any action by the Grantee or the locality relating to such contract, subcontract, or arrangement. The code shall also prohibit the officers, employees, board members, or agents of the Grantee from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain.

(b) Organizational Conflict of Interest – The Grantee will also prevent any real or apparent organizational conflict of interest. An organizational conflict of interest exists when the nature of the work to be performed under a proposed third-party contract or subcontract may, without some restriction on future activities, result in an unfair competitive advantage to the third party contractor or Grantee or impair the objectivity in performing the contract work.

(c) Lobbying - The Grantee agrees that it will not use federal assistance to support federal or state lobbying and will not use federal funds to support activities designed to influence the U.S. Congress or the state legislature. The Grantee certifies that it has complied with 31 U.S.C § 1352, as amended by the Lobbying Disclosure Act of 1995 and 49 CFR Part 20. The Grantee has signed the attached Lobbying Certification in the form of PART TWO ATTACHMENT 1 and will incorporate it in its applicable third-party contracts and require a comparable certification from its contractors or subcontractors.

(d) Debarment - The Grantee agrees to comply with the requirements of Executive Orders No. 12549 and 12689 “Debarment and Suspension,” 31 U.S.C. § 6101 note, and U.S. Department of Transportation regulations, “Nonprocurement Suspension and Debarment,” 2 CFR Part 1200, which adopts and supplements the provisions of the U.S. Office of Management and Budget “Guidelines to Agencies on Governmental Debarment and Suspension (Nonprocurement),” 2 CFR Part 180. The Grantee agrees that it searched the website, www.sam.gov, and found that the Grantee has no active exclusion from receiving federal funds. The Grantee also agrees to obtain certifications on Debarment and Suspension from its third-party contractors and subcontracts and otherwise comply with Government regulations. The Grantee has signed a Debarment certification as part of the Grantee’s most current FTA Certifications and Assurances which is incorporated herein by reference and is on file with the Grantor as stated in the Grantee’s Program Specific Warranties section in PART THREE below. In addition, the Attorney for the Grantee has signed the attached Grantee Opinion of Counsel (attached as PART TWO ATTACHMENT 2).

Trafficking in Persons - To the extent applicable, the Grantee agrees to comply with, and assures the compliance of its contractors and subcontractors with, the requirements of the subsection 106(g) of the Trafficking Victims Protection Act of 2000, as amended, 22 U.S.C. § 7104(g), and with “Trafficking Persons: Grants and Cooperative Agreements”, 2 CFR Part 175.

ARTICLE XXIX GRANTEE'S WARRANTIES

29.1 Grantee warrants that it has the requisite fiscal, managerial, and legal capability to carry out the Project and to receive and disburse Project funds. Grantee agrees that upon execution of this Agreement, Grantee will deliver to the Grantor:

(a) a legal opinion from an attorney licensed to practice law in Illinois and authorized to represent the Grantee in the matter of this Agreement, in the form of PART TWO ATTACHMENT 2.

In the event of the Grantee's non-compliance with any provisions of the Illinois Equal Employment Opportunity Clause, the Illinois Human Rights Act Rules and Regulations of the Illinois Department of Human Rights (hereinafter "DOHR"), the Grantee may be declared ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and the Agreement may be canceled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked as provided by statute or regulation. During the performance of this Agreement, the Grantee agrees as follows:

- (a) That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, ancestry, age, physical or mental handicap unrelated to ability, or an unfavorable discharge from military service; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.

- (c) That, in all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, national origin or ancestry, physical or mental handicap unrelated to ability, or an unfavorable discharge from military service.
- (d) That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organizations or representative of the Grantee's obligations under the Illinois Human Rights Act and the DOHR's Rules and Regulations. If any such labor organization or representative fails or refuses to cooperate with the Grantee in its efforts to comply with such Act and Rules and Regulations, the Grantee will promptly notify the DOHR and the contracting agency and will recruit employees from other sources when necessary to fulfill its obligations thereunder.
- (e) That it will submit reports as required by the DOHR's Rules and Regulations, furnish all relevant information as may from time to time be requested by the DOHR or the contracting agency, and in all respects comply with the Illinois Human Rights Act and the DOHR's Rules and Regulations.
- (f) That it will permit access to all relevant books, records, accounts, and work sites by personnel of the contracting agency and the DOHR for purposes of investigation to ascertain compliance with the Illinois Human Rights Act and the DOHR's Rules and Regulations.
- (g) That it will include verbatim or by reference the provisions of this Civil Rights section in every contract and subcontract it awards under which any portion of the contract obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as with other provisions of this agreement/contract, the Grantee will be liable for compliance with applicable provisions of this clause by such contractors and subcontractors; and further it will promptly notify the contracting agency and the DOHR in the event any contractor or subcontractor fails or refuses to comply therewith. In addition, the Grantee will not use any contractor or subcontractor declared by the Illinois Human Rights Commission to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or

The Grantee shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of any contract awarded by Grantee under this Agreement. The Grantee agrees to take all necessary and reasonable steps under 49 CFR Part 26 to ensure that eligible DBE's have the maximum feasible opportunity to participate in U.S. DOT assisted contracts. The Grantee DBE program, if required by 49 CFR Part 26 and as approved by U.S. DOT is incorporated by reference in this Agreement. Implementation of this program is a legal obligation, and failure to carry out its terms shall be treated as a violation of this Agreement. Upon notification to the Grantee of its failure to carry out its approved program, U.S. DOT may impose sanctions as provided for under 49 CFR Part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. § 1001, and/or the Program Fraud Civil Remedies Act, 31 U.S.C. §§ 3801 et seq.

ARTICLE XLII INTELLECTUAL PROPERTY

42.1. Patent Rights

(a) In accordance with 37 CFR Part 401, if any invention, improvement, or discovery of the Grantee or any of its third party contractors is conceived or first actually reduced to practice in the course of or under this Project, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Grantee agrees to notify the Grantor and FTA immediately and provide a detailed report. (b) The Grantee agrees to include this Intellectual Property section in its third-party contracts for planning, research, studies, development, or demonstration under this Project.

42.2 Rights in Data and Copyrights

(a) The term "subject data" used in this section means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under this Agreement. The term includes graphic or pictorial delineation in media such as drawings or photographs; text in specifications or related performance or design-type documents; machine forms such as punched cards, magnetic tape, or computer memory printouts; and information retained in computer memory. Examples include, but are not limited to: computer software, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. The term does not include financial reports, cost analyses, and similar information incidental to project administration.

(b) The following restrictions apply to all subject data first produced in the performance of this Agreement:

(i) Except for its own internal use, the Grantee may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Grantee authorize others to do so, without the written consent of the Government, until such time as the Government may have either released or approved the release of such data to the public; this restriction on publication, however, does not apply to agreements with academic institutions.

(ii) The Government reserves a royalty-free non-exclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for federal and state Government purposes:

1) Any subject data developed under a grant, cooperative agreement, sub-grant, sub-agreement, or third party contract, irrespective of whether or not a copyright has been obtained; and

2) Any rights of copyright to which a grantee or a third party contractor purchases ownership with federal or state assistance.

42.3. When the Government provides assistance to a grantee for a Project involving planning, research, development, or a demonstration, it is generally FTA's and the Grantor's intent to increase the body of mass transportation knowledge, rather than to limit the benefits of the Project to those parties that have participated therein. Therefore, unless FTA or the Grantor determines otherwise, the Grantee of Government assistance to support planning, research, or development, or a demonstration project financed under Administrative Code Title 92, Chapter I, Subchapter h, Part 651as amended, understands and agrees that, in addition to the rights set forth in subparagraph 42.2(b) of this Patent Rights section, the Government may make available to the Grantee and/or any third party contractor, or third party subcontractor, either the Government's license in the copyright to the subject data derived under this Agreement or a copy of the subject data first produced under this Agreement. This subsection, however, does not apply to adaptations of automatic data processing equipment or programs for the Grantee's use, which costs are financed in whole or in part with Government assistance for transportation capital projects.

42.4. Unless prohibited by state law, the Grantee agrees to indemnify, save and hold harmless the Government, their

officers, agents, and employees acting within the scope of their official duties, against any liability, including costs and expenses, resulting from any willful or intentional violation by the Grantee of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under this Agreement. However, the Grantee shall not be required to indemnify the Government for any such liability arising out of the wrongful acts of employees or agents of the Government.

42.5. Nothing contained in this Patent Rights section pertaining to rights in data shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Grantor and FTA under any patent.

42.6. The requirements of subparagraphs 42.2(b), 42.3, and 42.4 of this Patent Rights section do not apply to material furnished to the Grantee by the Government and incorporated in the work carried out under the Agreement; provided that such incorporated material is identified by the Grantee at the time of delivery of such work.

42.7. Unless the Government determines otherwise, the Grantee agrees to include the requirements of subparagraphs 42.2(a) through 42.6 of this Patent Rights section in its third-party contracts for planning, research, studies, development, or demonstration under this Project.

ARTICLE LIII LABOR LAW COMPLIANCE

53.1. Standard Public Transportation Employee Protective Arrangements - To the extent that FTA determines that public transportation operations are involved, the Grantee agrees to carry out the public transportation operations work on the underlying contract in compliance with terms and conditions determined by the U.S. Secretary of Labor to be fair and

equitable to protect the interests of employees employed under this Grant and to meet the employee protective requirements of 49 U.S.C. § 5333(b), and U.S. DOL guidelines, "Section 5333(b), Federal Transit Law," 29 CFR Part 215, and any amendments thereto. These terms and conditions are identified in the letter of certification from the U.S. DOL to FTA applicable to the FTA Grantee's Project from which federal assistance is provided to support work on the underlying contract. The Grantee agrees to carry out that work in compliance with the conditions stated in the U.S. DOL's certification. The requirements of this subsection, however, do not apply to any agreement financed with federal assistance provided by FTA either for projects for elderly individuals and individuals with disabilities authorized by 49 U.S.C. § 5310(a)(2) or subsection 3007 of FAST Act, for projects for nonurbanized areas authorized by 49 U.S.C. § 5311, or projects for the over-the-road bus accessibility program authorized by § 3038 of the Transportation Equity Act for the 21st Century (TEA-21), Pub. L. 105-178, June 9, 1998, as amended, and as amended by § 3007 of FAST Act, 49 U.S.C. Section 5310 note. Alternative provisions for those projects are set forth below.

53.2. Public Transportation Employee Protective Arrangements for Projects in Nonurbanized Areas - If the grant involves transit operations financed in whole or in part with 49 U.S.C. § 5311 federal assistance, the Grantee agrees to comply with the terms and conditions of the most current Special Warranty for the Nonurbanized Area Program agreed to by the U.S. Secretaries of Transportation and Labor and the procedures implemented by U.S. DOL Guidelines in accordance with "Section 5333(b), Federal Transit Law," 29 CFR Part 215, or any revisions thereto.

53.3. Employee Protective Arrangements for Projects Financed by Over-the-Road Bus Accessibility Program - To the extent applicable, the Grantee agrees to comply with the terms and conditions of the most current Special Warranty for the Over-the-Road Bus Accessibility Program agreed to by the U.S. Secretary of Transportation and Labor, and with the U.S. DOT guidelines, "Section 5333(b), Federal Transit Law," 29 CFR Part 215 and any revisions thereto.

53.4 The Grantee agrees to comply with the specific U.S. Department of Labor Transit Employee Protective Requirements incorporated herein by reference and on file with the Grantor.

ARTICLE LIV CONTINUANCE OF SERVICE

54.1. The Grantee agrees to use its best efforts to continue to provide, either directly, through a service agreement, intergovernmental agreement, or by contract, as the case may be, the public transportation services described in the Grantee's final, approved application and service plan. No reduction or termination of such service shall be made without compliance with all applicable statutory and regulatory provisions, and the approval of the Grantor. Unless otherwise approved by the Grantor in writing, at least thirty (30) days prior to (a) any proposed reduction or termination of such service or (b) the filing of a request for such reduction or termination with the Grantor, whichever comes first, the Grantee shall give written notice of the proposed action to all units of local government within the Grantee's service area. The Grantee shall give written notice of the proposed reduction or termination of service to the Grantor, detailing the services that are proposed for reduction or termination. The Grantor shall approve or disapprove the proposed reduction or termination prior to the expiration of the notice period.

ARTICLE LV REAL PROPERTY, EQUIPMENT AND SUPPLIES

55.1. The Grantee acknowledges that the federal government retains an interest in Project Facilities until, and to the extent, that the federal government relinquishes its interest in such Project Facilities. Unless otherwise approved by the Grantor in writing, the following conditions apply to real property, equipment and supplies financed or paid for with funds paid to the Grantee under this Agreement.

(a) Use of Project Facilities - The Grantee agrees that Project Facilities shall be used for the provision of Project transit services for the duration of their useful life, as determined by the Grantor. Should the Grantee unreasonably delay or fail to use Project Facilities for the Project during their useful life, the Grantee agrees that the Grantor may require the Grantee to return the entire amount (or a portion thereof) of Grant funds that were paid to Grantee for the Project. The Grantee further agrees to notify the Grantor within 30 calendar days from the date any Project Facilities are withdrawn from use in transit service or when Project Facilities are used in a manner substantially different from the representation made by the Grantee in its Application.

(b) The Grantee shall keep satisfactory records with regard to the use of the Project Facilities and shall submit to the Grantor upon request such information as the Grantor may require in order to assure compliance with this Real Property, Equipment and Supplies section, and the Grantee shall immediately notify the Grantor in all cases where Project Facilities are used in a manner substantially different from that described in the Grantee's final, approved application. The Grantee shall maintain in amount(s) and form satisfactory to the Grantor, such insurance or self-insurance as will be adequate to protect Project Facilities throughout the period of required use. The cost of such insurance shall not be an item of eligible cost under this Agreement. The Grantee shall also submit, from time to time, to the Grantor upon request, a certification that the Project Facilities are still being used in accordance with the terms of this Agreement and further certify that no part of the local contribution to the cost of the Project has been refunded or reduced.

55.2. Maintenance - The Grantee agrees to maintain any Project Facilities at a high level of cleanliness, safety, and mechanical soundness and in accordance with any guidelines, directives, or regulations that the Grantor, FTA, manufacturer, or contractor may issue (the stricter standard to apply unless expressly excused by the Grantor), including, but not limited to "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards," 2 CFR part 1201. For vehicles, the manufacturer's suggested maintenance and inspection schedule will be considered the minimum maintenance standard that must be adhered to. For vehicles, the Grantee must establish and follow a written maintenance plan, which includes pre-trip inspections, a preventative maintenance program, and documentation of routine maintenance and repairs. For fixed facilities, the Grantee shall establish and follow a written maintenance plan and document any maintenance and repairs performed. The Grantor and FTA shall have the right to conduct periodic inspections for the purpose of confirming proper maintenance pursuant to this Real Property, Equipment and Supplies section. The Grantor reserves the right to require the Grantee to restore, repair or replace Project Facilities or pay for damage as a result of abuse, neglect, or misuse of such Project Facilities.

55.3. If, at any time during the useful life of the Project Facilities, any of the Project Facilities are not used for the purposes specified in this Agreement, whether by planned withdrawal, misuse, or casualty loss, the Grantee shall immediately notify and receive approval from the Grantor prior to disposing of such Project Facilities. Any such disposition shall be in accordance with Grantor procedures and this Agreement.

55.4. Transfer of Project Facilities

(a) Grantee Request - The Government agrees that the Grantee may transfer Project Facilities financed under the Downstate Public Transportation Act or the Federal Transit Act, as amended, to a public body to be used solely for public purposes, with no further obligation to the Government, provided that the transfer is approved, in advance, by the Grantor (and the Federal Transit Administration, where required), and conforms with the requirements of 49 U.S.C. Section 5334(h)(1) through 5334(h)(3).

(b) Government Direction - The Grantee agrees that the Government may require the Grantee to transfer title of any Project Facilities financed in whole or in part with federal assistance made available by this Agreement, to the Government or as directed by the Grantor. The Grantee also agrees that the Government may direct the disposition of Project Facilities financed with federal assistance funds made available under this Agreement, as set forth by 49 CFR Parts 18.31 and 18.32.

55.6. Withdrawn Property - If any Project Facilities are not used in public transit service for the duration of their useful life as determined by the Grantor, whether by planned withdrawal, misuse or casualty loss, the Grantee agrees to notify the Grantor thereof at least 30 calendar days prior to a planned withdrawal and not later than 30 days following misuse or casualty loss.

(a) Federal and/or State Interest in Property - Unless otherwise approved by the Government in the above circumstances, the Grantee agrees to remit to the Grantor the Government interest in the fair market value, if any, of the Project Facility or any item of the Project Facilities whose unit value exceeds \$5,000, at the option of the Grantor. The portion of that interest shall be determined on the basis of the ratio of the assistance provided by the Government for the particular Project Facility to the actual cost of the Project. In the event the Project Facility is prematurely destroyed by fire, casualty, or natural disaster, the Grantee may, alternatively, fulfill its responsibilities with respect to the damaged facilities, by investing an amount equal to the value of the remaining Government interest in like-kind facilities that are eligible for assistance within the scope of the Project.

(b) Fair Market Value - The following requirements apply to the calculation of fair market value:

(c) Project Facilities - Unless otherwise approved in writing by the Grantor, the fair market value of the particular Project Facilities involved will be the value as of the time immediately before the occurrence that prompted the withdrawal of the Project Facilities from transit use. The fair market value shall be calculated by one of the following methods: (1) appraised value consistent with state standards and federal standards (49 CFR Part 24); (2) on a straight line depreciation of the Project Facilities, based on a useful life approved by the Grantor irrespective of the reason for withdrawal of Project Facilities from transit use, or (3) the actual proceeds from the public sale of such property. The particular method, in each instance, shall be approved by the Grantor with an objective to obtain the highest fair market value. Any appraiser employed for such purposes shall have experience in appraising similar project equipment and facilities in accordance with state and federal standards. The fair market value of any of the Project Facilities lost or damaged by casualty or fire will be calculated on the basis of the condition of such Project Facilities immediately before the casualty or fire, irrespective of the extent of insurance coverage.

(d) Exceptional Circumstances - The Government, however, reserves the right to require another method of valuation to be used if determined to be in the best interest of the Government. In unusual circumstances, the Grantee may request that the Government approve the use of another reasonable method of determining fair market value, including but not limited to accelerated depreciation, comparable sales, or estimated market values. In determining whether to approve an alternate method, the Government may consider any action taken, omission made, or unfortunate occurrence suffered by the Grantee with respect to the preservation or conservation of the value of the particular Project Facilities that, for any reason, have been withdrawn from service.

55.7. Disposition of Property - After the end of its useful life, if any Project Facility funded through this Agreement is planned to be disposed of, the Grantee shall notify the Grantor thereof not later than 30 days prior to its planned disposition.

55.8. Misused or Damaged Property - If damage to any Project Facilities results from abuse, neglect, or misuse that has taken place with the Grantee's knowledge and consent, the Grantee agrees that the Government may require the Grantee to restore those Project Facilities to their original condition, at the Grantee's sole expense, or refund the fair market value of the Government interest in such damaged Project Facility.

55.9. Obligations After Project Close-Out - A Grantee that is a governmental entity agrees that project close-out will not alter its property management obligations set forth in this Agreement and as required by 49 CFR Parts 18.31 and 18.32.

55.10. Encumbrance of Project Property - Unless expressly authorized in writing by the Government, the Grantee agrees to refrain from:

(a) Executing any transfer of title, lease, lien, pledge, mortgage, encumbrance, contract, grant anticipation note, alienation, or other obligation that in any way would affect the Government interest in any of the Project Facilities; or

(b) Obligorating itself in any manner to any third party which could result in an encumbrance of any of the Project Facilities.

55.11. Insurance Proceeds - If the Grantee receives insurance proceeds as a result of damage or destruction to the Project Facilities, the Grantee agrees to (i) apply those insurance proceeds to the cost of replacing the damaged or destroyed Project Facilities, (ii) apply such insurance proceeds towards the Project, if agreed to in writing by the Grantor, or (iii) return to the Grantor an amount equal to the remaining Government interest in the damaged or destroyed Project Facilities.

ARTICLE LVI PROCUREMENT

56.1. Contracts – Unless directed otherwise by the Grantor in writing, the Grantee must provide the Grantor notice of at least ten (10) business days before executing or obligating itself to any contract funded with assistance provided through this Agreement for goods and property costing between \$300 and \$5,000 and any contract funded with assistance provided through this Agreement for services below \$100,000. All contracts funded with assistance provided through this Agreement for services for \$100,000 or more must be approved by the Grantor prior to the Grantees bid solicitation, executing, or obligating itself to such contract. Failure to notify the Grantor may result in the expense being deemed an ineligible cost

pursuant to this Agreement. Any such contract or subcontract shall contain all of the required contract clauses, if any, provided pursuant to this Agreement, and conform to the most recent requirements of FTA 4220.1E "Third Party Contracting Guidance" and "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards," 2 CFR part 1201, and other applicable federal regulations pertaining to third party procurements and subsequent amendments thereto. The Grantee agrees to give full opportunity for free, open and competitive procurement for each contract as required by state and federal law. No change or modification of the scope or cost shall be made to any such approved contract without prior Grantor approval in writing.

56.2 Exclusionary or Discriminatory Specifications - Apart from inconsistent requirements imposed by federal and state law, the Grantee agrees and shall require all of its contractors for the Project to agree that no federal or state funds shall be used to support procurement using exclusionary or discriminatory specifications and it will comply with 49 U.S.C. Section 5323(h).

56.3. Award to Other Than the Lowest Bidder - In accordance with 49 U.S.C. § 5325(c), the Grantee may award a third party contract to other than the lowest responsive responsible bidder in connection with a procurement, only when such award furthers an objective (such as improved long-term operating efficiency and lower costs) consistent with the purposes of 49 U.S.C. Chapter 53, and any implementary regulations that FTA may issue.

56.4. Award to Responsive and Responsible Contractors - In compliance with 49 U.S.C. § 5325(j), the Grantee agrees to award third party contracts only to those contractors possessing the ability to successfully perform under the terms of the proposed procurement. Before awarding a third-party contract, the Grantee agrees to consider:

- (a) The third-party contractor's integrity;
- (b) The third-party contractor's compliance with public policy;
- (c) The third-party contractor's past performance, including the performance reported in Contractor Performance Assessment Reports required by 49 U.S.C. § 5309(l)(2), if any; and
- (d) The third-party contractor's financial and technical resources.

56.5. Force Account - FTA and the Grantor reserve the right to refuse or limit their participation in force account costs.

56.6. Capital Leases - To the extent applicable, the Grantee agrees to comply with FTA regulations, "Capital Leases," 49 CFR Part 639, and any revision thereto and state capital leasing guidelines.

56.7. Buy America –

(a) Each third-party contract using FTA assistance must conform with 49 U.S.C. Section 5323(j), and FTA regulations, "Buy America Requirements," 49 CFR Part 661 and any later amendments thereto. The Grantee has read and signed the Buy America Certification (as part of the Grantee's most current FTA Certifications and Assurances which is incorporated herein by reference and is on file with the Grantor as stated in the Grantee's Program Specific Warranties section in PART THREE herein). The Grantee will incorporate the provisions of the Buy America Certification as a part of every relevant third-party contract.

- 1) Buy America Requirements: Contractor shall complete and submit a declaration certifying either compliance or noncompliance with Buy America. If contractor certifies compliance with Buy America, it shall submit documentation listing:
 - A. Component and subcomponent parts of the rolling stock to be purchased identified by manufacturer of the parts, their country of origin and costs; and
 - B. The location of the final assembly point for the rolling stock, including a description of the activities that will take place at the final assembly point and the cost of final assembly.
 - C. Solicitation Specification Requirements: Contractor shall submit evidence that it will be capable of meeting the bid specifications.

D. Federal Motor Vehicle Safety Standards (FMVSS): Contractor shall submit 1) manufacturer's FMVSS self-certification sticker information that the vehicle complies with relevant FMVSS or 2) manufacturer's certified statement that the buses will not be subject to FMVSS regulations.

56.8. Cargo Preference - Use of United States Flag Vessels - The Grantee agrees to comply with 46 CFR Part 381 and to insert the substance of those rules in all applicable contracts issued pursuant to this Agreement.

56.9. Preference for Recycled Products - To the extent applicable, the Grantee agrees to give preference to the purchase of recycled products for use in this Project pursuant to the various U.S. Environmental Protection Agency (EPA) guidelines, "Comprehensive Procurement Guidelines for Products Containing Recovered Materials," 40 CFR Part 247 and Executive Order 12873, which implements Section 6002 of the Resource Conservation and Recovery Act, as amended, 45 CFR Part 74.16 codified at 42 U.S.C. § 6962, as they apply to the procurement of the items designated in Subpart B of 40 CFR Part 247.

56.10. Bus Testing - To the extent applicable, the Grantee agrees to comply with the requirements of 49 U.S.C. § 5318(e) and FTA regulations, "Bus Testing," 49 CFR Part 665, and any amendments to those regulations that may be promulgated.

56.11. Geographic Restrictions - The Grantee and its contractors agree to refrain from using state or local geographic preferences, except those expressly mandated or encouraged by federal statute, and as permitted by the Grantor and FTA.

56.12. Third Party Disputes or Breaches - The Grantee agrees to pursue all legal rights available to it in the enforcement and defense of any third party contract, and FTA and the Grantor reserve the right to concur in any compromise or settlement of any third party contract claim involving the Grantee. The Grantee will notify FTA and the Grantor of any current or prospective major dispute pertaining to any third party contract. If the Grantee seeks to name the Government as a party to the litigation, the Grantee agrees to inform both FTA and the Grantor before doing so. The Government retains a right to a proportionate share of any proceeds derived from any third party recovery. Unless permitted otherwise by the Government, the Grantee will credit the Project account with any liquidated damages recovered. Nothing herein is intended to nor shall it waive FTA's or the Grantor's immunity to suit.

56.13. Fly America - The Grantee will comply with 49 U.S.C. Section 40118, 4 CFR Part 52 and U.S. GAO Guidelines B-138942, 1981 U.S. Comptroller General LEXIS 2166, March 31, 1981 regarding costs of international air transportation by U.S. Flag air carriers.

L. No. 110-244, June 6, 2008, § 5307(c), 23 U.S.C. § 512 note, and the provisions of FTA Notice "FTA National ITS Architecture Policy on Transit Projects," 66 Fed. Reg. 1455 et seq., January 8, 2001, and any subsequent further implementing directives.

56.16. Operating Capital - (Equipment and Supplies between \$300 and \$5,000). The Grantee agrees to follow the procedures and practices for the treatment of Operating Capital costs as set forth in the Grantor's guidelines contained in the Section 5310/5311 State Management Plan and any other policies or procedures which the Grantor may issue from time to time. For the purposes of carrying out the Project, the Grantee is to treat certain Operating Capital costs according to the Grantor's Operating Capital guidelines as follows:

(a) Operational Support costs are those eligible Operating Capital items or activities that each have a total cost of \$300 or less; require documentation for audit purposes; need not be recorded in the Grantee's Capital Asset Inventory; and do not require prior Grantor concurrence and procurement procedures.

(b) Equipment and Property costs are those eligible Operating Capital items or activities (exclusive of vehicles) that each have a total cost of between \$300 and \$5,000; must notify the Grantor before purchase; must be properly documented and

56.17. Operating Capital Obligations, Expenditures and Control - To be eligible for reimbursement under this Agreement, eligible Operating Capital costs must be incurred during the fiscal year governed by this Agreement. Costs shall be considered incurred if the Grantee has obligated the funds by entering into a third-party agreement or completed a force account activity within the fiscal year governed by this Agreement. The Grantee shall maintain ownership of any capital asset purchased even if the user of the asset is an operating entity other than the Grantee. The Grantee must notify the Grantor (and provide supporting documentation satisfactory to the Grantor) at the time obligations are made and prior to payment to a vendor or contractor.

56.18. Full and Open Competition –All procurement transactions shall be conducted in a manner that provides full and open competition, in accordance with 49 U.S.C. § 5325(h).

ARTICLE LVII ACCOUNTING, RECORDS, AND ACCESS

57.1. The account(s) shall be in a federally insured bank or trust company.

57.2. Funds Received or Made Available for the Project – The Grantee shall only deposit the following in the PTA: all Grant payments received by it from the Grantor pursuant to this Agreement, and all other funds provided for or otherwise received by the Grantee or its public transportation operator(s) on account of the Project and Project Facilities (hereinafter collectively referred to as “Project Funds”). Examples of such types of funds include, but are not limited to, local contribution, revenue from service contracts, etc. All deposits and withdrawals made from the PTA shall be documented on forms provided by the Grantor.

The Grantee shall require the depositories of Project Funds to secure continuously and fully all Project Funds in excess of the amounts insured under Federal plans, by the deposit or setting aside of collateral of the types and in the manner as described by State law for the security of public funds or as approved by FTA.

All Project Funds held by the Grantee shall draw interest and the amount of such interest earned shall be reported to the Grantor in the annual PTA report. Such interest shall be applied to the Project Cost as directed by the Grantor.

Project Funds may only be used for the following expenses:

- (a) Eligible costs; and
- (b) Operating expenditures directly related to the Project, pursuant to Grantor procedures.

57.3. Documentation of Project Costs - All costs charged to the Project, including any approved services contributed by the Grantee or others, shall be supported by properly executed payrolls, time records, invoices, contracts, or vouchers evidencing in detail the nature and propriety of the charges, in form and content satisfactory to the Grantor.

57.4. Checks, Orders, and Vouchers - Any check or order drawn by the Grantee with respect to any item which is or will be chargeable against the Public Transit Account will be drawn only in accordance with a properly signed voucher then on file in the office of the Grantee stating in proper detail the purpose of which such check or order is drawn. All checks, payrolls, invoices, contracts, vouchers, orders, or other accounting documents pertaining in whole or in part to the Project shall be clearly identified, readily accessible, and, to the extent feasible, kept separate and apart from all other documents.

57.5. Audit and Inspection - Pursuant to "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards," 2 CFR part 1201, the Grantee shall permit, and shall require its contractors to permit, the Grantor or any other state or federal agency authorized to perform audits and inspections, to inspect all work, work sites, materials, payrolls, and other data and records, with regard to the Project, and to audit the books records and accounts of the Grantee and its contractors with regard to the Project as required by 49 U.S.C. § 5325(g). Grantee agrees to permit the Grantor to conduct scheduled or unscheduled inspections of Grantee's public transportation services. Such inspections shall be conducted at reasonable times, without unreasonable disruption or interference with any transportation service or other business activity of the Grantee or any Service Board. The Grantor may also require the Grantee to furnish at any time prior to close-out of the Project, audit reports prepared according to generally accepted accounting principles.

The Grantor may, at its sole discretion and at its own expense, perform a final audit of the Project. Such audit may be used for settlement of the grant and Project closeout. The Grantee agrees to comply promptly with recommendations contained in the Grantor's final audit report.

(a) Grantee's Independent Audit - Grantee shall select an independent licensed Certified Public Accountant to perform an audit pursuant to the requirements of Ill. Admin. Code tit. 92, § 651.403. The standards for selection of the auditor and the scope and contents of the audit are contained in Ill. Admin. Code tit. 92, § 651.403; Grantee and its auditor shall become familiar with the pertinent sections of the Illinois Administrative Code and adhere to its provisions in completion of the audit. The audit shall also be completed in conformity with the Single Audit Act (31 USC 7501 et seq.), and shall include a statement, if applicable, that any allocation of revenues and expenses to the program of approved expenditures funded under this Agreement is in accordance with a cost allocation plan approved by the Grantor. Grantee's audit must include a schedule of operating revenues and expenses for the participant's grant contract period on forms prescribed by the Grantor. Grantee's independent audit shall be submitted to the Grantor no later than 180 days following the last day of the Term of the Agreement. This deadline may be changed, at the discretion of the Grantor, to accommodate the participant's fiscal year periods or due to unforeseen circumstances.

57.6. Access to Records of Grantees - The Grantee agrees to permit the U.S. Secretary of Transportation, the Comptroller General of the United States, and to the extent appropriate, the State, or their authorized representatives, upon their request to inspect all Project work, materials, payrolls, and other data, and to audit the books, records, and accounts of the Grantee pertaining to the Project, as required by 49 U.S.C. § 5325(g). The Grantee further agrees to provide, at as many tiers of the Project as required, sufficient access to records as needed for compliance with federal regulations or to assure proper Project management as determined by the Government.

57.7. Unused Funds - The Grantee agrees that upon completion of the Project, and after payment or provision for payment or reimbursement of all eligible costs, the Grantee shall refund to the Grantor any unexpended balance of the Grant. Prior to close-out, however, the Grantor reserves the right to deobligate unspent funds.

ARTICLE LVIII PROJECT CLOSEOUT

58.1. Upon the Grantor's receipt of the Grantee's independent audit report of the Project, the Grantor shall perform a review of the Grantee's independent audit to determine whether to approve the independent audit. Once the Grantee's independent audit has been approved by the Grantor, the Grantor shall determine the eligibility of costs incurred and shall make a final determination of amounts due to the Grantee under this Agreement. If the Grantor has made payment to the Grantee in excess of the final total amount determined by the Grantor- approved independent audit to be due the Grantee, the Grantee shall promptly remit such excess to the Grantor. At the discretion of the Grantor, several years of audit reconciliation balances may be combined to allow for one payment to reconcile minor annual reconciliation balances. The Project close-out occurs when the Grantor notifies the Grantee that the Project is closed-out and forwards the final Grant payment, as determined by the Grantor-approved independent audit to the Grantee, or when an appropriate refund of Grant funds, as determined by the Grantor-approved independent audit, has been received from the Grantee and acknowledged by the Grantor. Close-out shall be subject to any continuing obligations imposed on the Grantee by this Agreement or contained in the final notification or acknowledgment from the Grantor. Payment issues, audit issues or any other matters pertaining to the grant may not be subsequently raised and are forever settled upon Project closeout.

ARTICLE LIX SCHOOL BUS AND CHARTER SERVICES OPERATIONS

59.1. School Bus Operations - Pursuant to 20 ILCS 2705/2705-305(f), 49 U.S.C. Section 5323(f) or (g), as applicable, and FTA regulations, "School Bus Operations," 49 CFR Part 605, and as a condition of receiving grant monies from the Grantor, the Grantee certifies, by signing this Agreement, that it is not engaged in school bus operations exclusively for the transportation of students and school bus personnel in competition with private school bus operators where such private school bus operators are available to provide adequate transportation at reasonable rates in conformance with applicable safety standards. If the Grantee does engage in school bus operations exclusively for the transportation of students and school bus personnel as described above, then the Grantee certifies that it operates a school system in the area to be served thereby and operates a separate and exclusive school bus program for the school system. The Grantee further agrees and certifies that it shall immediately notify the Grantor in writing of its involvement in or its intention to become involved in any school bus operation prohibited by Section 2705-305(f) after the date of this certification and this Agreement.

59.2. Charter Bus Operations - Neither the Grantee nor any transit operator performing work in connection with this Project shall engage in charter service operations, except as permitted by 49 U.S.C. § 5323(d) and FTA regulations "Charter Service," 49 CFR Part 604, and any subsequent Charter Service regulations or federal directives that may be issued, except to the extent that FTA determines otherwise in writing. Any charter service agreement entered into under these regulations is incorporated into this Agreement by reference.

The Grantee agrees not to engage in either school bus or charter operations, and has further signed the certification included in the FTA Certifications and Assurances which is incorporated herein by reference and is on file with the Grantor as stated in the Grantee's Program Specific Warranties section below. If the Grantee or any operator violates the charter or school bus agreement required by 49 U.S.C. § 5323(f), the violator will be barred from receiving federal transit assistance in an amount to be determined by FTA or U.S. DOT.

ARTICLE LX GRANTEE'S PROGRAM SPECIFIC WARRANTIES

60.1. The Grantee certifies that prior to Grantor execution of this Agreement, the Grantee has provided to the Grantor:

- (a) An executed copy of the most current FTA Certifications and Assurances which is incorporated herein by reference and is on file with the Grantor; and
- (b) An executed Section 5333b Special Warranty which is incorporated herein by reference and is on file with the Grantor.

ARTICLE LXI NOTICE OF CURRENT OR PROSPECTIVE LEGAL MATTERS

61.1 If this agreement, or any subcontract, is a "covered transaction" according to 2 C.F.R. §§ 180.220 and 1200.220, the Grantee must notify the Grantor if a current or prospective legal matter emerges that may affect the federal government. The Grantee must include similar notification requirement in its third-party agreements and must require each third-party participant to include an equivalent provision in its sub agreements at every tier of non-procurement awards of any amount and all lower tiers of procurement transactions expected to equal or exceed \$25,000.

ARTICLE LXII BONDING REQUIREMENTS

62.1 If this agreement includes construction or facility improvement contracts or subcontracts exceeding \$250,000, the FTA may accept the Grantee's bonding policy and requirements if they meet the following minimum requirements:

- (a) A bid guarantee from each bidder equivalent to five (5) percent of the bid price. The "bid guarantees" shall consist of a

firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(b) A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

(c) A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment, as required by law, of all persons supplying labor and material in the execution of the work provided for in the contract. Payment bond amounts required from contractors are as follows:

- (1) 50% of the contract price if the contract price is not more than \$1 million;
- (2) 40% of the contract price if the contract price is more than \$1 million but not more than \$5 million; or
- (3) \$2.5 million if the contract price is more than \$5 million.

(d) A cash deposit, certified check or other negotiable instrument may be accepted by a grantee in lieu of performance and payment bonds, provided the grantee has established a procedure to assure that the interest of FTA is adequately protected. An irrevocable letter of credit would also satisfy the requirement for a bond.

Bid Bond Requirements (Construction)

(a) Bid Security - A Bid Bond must be issued by a fully qualified surety company acceptable to Grantee and listed as a company currently authorized under 31 CFR, Part 223 as possessing a Certificate of Authority as described thereunder.

(b) Rights Reserved - In submitting this Bid, it is understood and agreed by bidder that the right is reserved by Grantee to reject any and all bids, or part of any bid, and it is agreed that the Bid may not be withdrawn for a period of ninety (90) days subsequent to the opening of bids, without the written consent of Grantee. It is also understood and agreed that if the undersigned bidder should withdraw any part or all of his bid within ninety (90) days after the bid opening without the written consent of Grantee, shall refuse or be unable to enter into this Agreement, as provided above, or refuse or be unable to furnish adequate and acceptable performance bonds and payment bonds, as provided above, or refuse or be unable to furnish adequate and acceptable insurance, as provided above, he shall forfeit his bid security to the extent of Grantee damages occasioned by such withdrawal, or refusal, or inability to enter into an agreement, or provide adequate security therefor. It is further understood and agreed that to the extent the defaulting bidder's bid bond, certified check, cashier's check, treasurer's check, and/or official bank check (excluding any income generated thereby that has been retained by Grantee) shall prove inadequate to fully recompense Grantee for the damages occasioned by default, then the undersigned bidder agrees to indemnify Grantee and pay over to Grantee the difference between the bid security and (Recipient's) total damages, so as to make Grantee whole. The undersigned understands that any material alteration of any of the above or any of the material contained on this form, other than that requested, will render the bid unresponsive.

Performance and Payment Bonding Requirements (Construction)

Any construction contractor shall be required to obtain performance and payment bonds as follows:

(a) Performance bonds

1. The penal amount of performance bonds shall be 100 percent of the original contract price, unless the Grantee determines that a lesser amount would be adequate for the protection of the Grantee.

2. The Grantee may require additional performance bond protection when a contract price is increased. The increase in protection shall generally equal 100 percent of the increase in contract price. The Grantee may secure additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

(b) Payment bonds

1. The penal amount of the payment bonds shall equal:

- (i) Fifty percent of the contract price if the contract price is not more than \$1 million.
- (ii) Forty percent of the contract price if the contract price is more than \$1 million but not more than \$5 million; or
- (iii) Two and one half million if the contract price is more than \$5 million.

2. If the original contract price is \$5 million or less, the Grantee may require additional protection as required by subparagraph 1 if the contract price is increased.

Performance and Payment Bonding Requirements (Non-Construction)

A non-construction contractor may be required to obtain performance and payment bonds when necessary to protect the Grantee's interest.

(a) The following situations may warrant a performance bond:

1. Grantee property or funds are to be provided to the contractor for use in performing the contract or as partial

compensation (as in retention of salvaged material).

2. A contractor sells assets to or merges with another concern, and the Grantee, after recognizing the latter concern as the successor in interest, desires assurance that it is financially capable.

3. Substantial progress payments are made before delivery of end items starts.

4. Contracts are for dismantling, demolition, or removal of improvements.

(b) When it is determined that a performance bond is required, the Contractor shall be required to obtain performance bonds as follows:

1. The penal amount of performance bonds shall be 100 percent of the original contract price, unless the Grantee determines that a lesser amount would be adequate for the protection of the Grantee.

2. The Grantee may require additional performance bond protection when a contract price is increased. The increase in protection shall generally equal 100 percent of the increase in contract price.

The Grantee may secure additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

(c) A payment bond is required only when a performance bond is required, and if the use of payment bond is in the (Recipient's) interest.

(d) When it is determined that a payment bond is required, the Contractor shall be required to obtain payment bonds as follows:

1. The penal amount of payment bonds shall equal:

(i) Fifty percent of the contract price if the contract price is not more than \$1 million;

(ii) Forty percent of the contract price if the contract price is more than \$1 million but not more than \$5 million; or

(iii) Two and one half million if the contract price is increased.

Advance Payment Bonding Requirements

The Contractor may be required to obtain an advance payment bond if the contract contains an advance payment provision and a performance bond is not furnished. The Grantee shall determine the amount of the advance payment bond necessary to protect the Grantee.

Patent Infringement Bonding Requirements (Patent Indemnity)

The Contractor may be required to obtain a patent indemnity bond if a performance bond is not furnished and the financial responsibility of the Contractor is unknown or doubtful. The Grantee shall determine the amount of the patent indemnity to protect the Grantee.

Warranty of the Work and Maintenance Bonds

1. The Contractor warrants to Grantee, the Architect and/or Engineer that all materials and equipment furnished under this Contract will be of highest quality and new unless otherwise specified by Grantee, free from faults and defects and in conformance with the Contract Documents. All work not so conforming to these standards shall be considered defective. If required by the [Project Manager], the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

2. The Work furnished must be of first quality and the workmanship must be the best obtainable in the various trades. The Work must be of safe, substantial and durable construction in all respects. The Contractor hereby guarantees the Work against defective materials or faulty workmanship for a minimum period of one (1) year after Final Payment by Grantee and shall replace or repair any defective materials or equipment or faulty workmanship during the period of the guarantee at no cost to Grantee. As additional security for these guarantees, the Contractor shall, prior to the release of Final Payment [as provided in Item X below], furnish separate Maintenance (or Guarantee) Bonds in form acceptable to Grantee written by the same corporate surety that provides the Performance Bond and Labor and Material Payment Bond for this Contract. These bonds shall secure the Contractor's obligation to replace or repair defective materials and faulty workmanship for a minimum period of one (1) year after Final Payment and shall be written in an amount equal to ONE HUNDRED PERCENT (100%) of the CONTRACT SUM, as adjusted (if at all).

ARTICLE LXIII

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

63.1 Grantee acknowledges the following shall apply for all Awards that exceed \$10,000, or Awards for construction contracts over \$2,000:

(1) that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 USC 3801 et seq. and USDOT regulations, "Program Fraud Civil Remedies," 49 CFR 31, apply to Grantees actions pertaining to the Program. Upon execution of the Grant Agreement, Grantee certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, Grantee further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submittal, or certification, the US Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act (1986) on Grantee to the extent the US Government deems appropriate.

(2) If Grantees makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submittal, or certification to the US Government under a contract connected with a project that is financed in whole or in part with FTA assistance under the authority of 49 USC 5307, the Government reserves the right to impose the penalties of 18 USC 1001 and 49 USC 5307(n)(1) on Grantee, to the extent the US Government deems appropriate.

(3) Grantee shall include the above two clauses in each subcontract financed in whole or in part with FTA assistance. The clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

ARTICLE LXIV CONTRACTS INVOLVING FEDERAL PRIVACY ACT REQUIREMENTS

64.1 Contracts Involving Federal Privacy Act Requirements – For Awards exceeding \$10,000, or construction contracts over \$2,000, where Grantee maintains files on drug and alcohol enforcement activities for FTA, and those files are organized so that information could be retrieved by personal identifier, Grantee must comply with Privacy Act requirements. The following requirements apply to the Grantee and its employees that administer any system of records on behalf of the Federal Government under any contract:

(1) The Grantee agrees to comply with, and assures the compliance of its employees with, the information restrictions and other applicable requirements of the Privacy Act of 1974, 5 U.S.C. § 552a. Among other things, the Grantee agrees to obtain the express consent of the Federal Government before the Grantee or its employees operate a system of records on behalf of the Federal Government. Grantee understands that the requirements of the Privacy Act, including the civil and criminal penalties for violation of that Act, apply to those individuals involved, and that failure to comply with the terms of the Privacy Act may result in termination of the underlying contract.

(2) Grantee also agrees to include these requirements in each subcontract to administer any system of records on behalf of the Federal Government financed in whole or in part with federal assistance provided by FTA.

ARTICLE LXV INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

65.1 All Awards exceeding \$10,000, or construction contracts over \$2,000, must include, in part, certain Standard Terms & Conditions required by USDOT, whether or not expressly stated in the preceding contract provisions. All USDOT required contractual provisions, as stated in FTA Circular 4220.1F, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any request that would cause the Grantee to be in violation of FTA terms and conditions.

ARTICLE LXVI NOTIFICATION OF FEDERAL PARTICIPATION

66.1 To the extent required by law, in the announcement of any third-party contract award for goods and services (including construction services) having an aggregate value of \$500,000 or more, Grantee shall specify the amount of federal assistance to be used in financing that acquisition of goods and services and to express that amount of federal assistance as a percentage of the total cost of the third-party contract.

ARTICLE LXVII INELIGIBLE PARTIES

67.1 Interest of Members or Delegates to Congress - No members of, or delegates to, the US Congress shall be admitted to any share or part of this contract nor to any benefit arising therefrom.

67.2 Ineligible Contractors and Subcontractors - Any name appearing upon the Comptroller General's list of ineligible contractors for federally-assisted contracts shall be ineligible to act as a subcontractor for contractor pursuant to this contract. If contractor is on the Comptroller General's list of ineligible contractors for federally financed or assisted construction, the recipient shall cancel, terminate or suspend this contract.

ARTICLE LXVIII GEOGRAPHIC INFORMATION AND RELATED SPATIAL DATA

68.1— Any project activities involving spatial data or geographic information systems activities financed with federal assistance are required to be consistent with the National Spatial Data Infrastructure promulgated by the Federal Geographic Data Committee, except to the extent that FTA determines otherwise in writing.

ARTICLE LXIX VETERANS PREFERENCE

69.1 – As provided by 49 U.S.C. § 5325(k), to the extent practicable, the Recipient agrees and assures that each of its Subrecipients:

- (1) Will give a hiring preference to veterans, as defined in 5 U.S.C. § 2108, who have the skills and abilities required to perform construction work required under a third party contract in connection with a Capital Project supported with federal assistance appropriated or made available for 49 U.S.C. chapter 53, and
- (2) Will not require an employer to give a preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or a former employee.

RE: RENEWAL OF MAINTENANCE AGREEMENT WITH CALIBER PUBLIC SAFETY

Dear Mayor Troup and Members of the Quincy City Council:

The purpose of this letter is to inform you that the police department's maintenance agreement with Caliber Public Safety, DBA InterAct Public Safety Systems, expires on June 30, 2022 and I respectfully request your approval to renew. This will allow us to continue uninterrupted service. Caliber provides maintenance for the software that operates the mobile data computers in our squad cars. The City of Quincy IT Department recommends continuation of this agreement. Funds are set aside for this purchase in the FY23 Quincy Police Department budget.

The software enables officers to receive calls/details from the 9-1-1 Dispatch Center via the computer. This tightens security on our calls and has been helpful in locating wanted subjects or underage drinking parties, for example, as the information is not put over the radio system for offenders to monitor and use to escape apprehension. Additionally, this software allows officers to run driver's license and license plate checks from their squad car using their computer, which eliminates radio traffic. Reducing radio traffic is an officer safety issue, as freeing up the radio channel from routine traffic leaves the channel available more often for critical emergency radio traffic. The software also allows officers to share confidential information with each other via the computer, since it is an encrypted system.

The cost for the maintenance agreement is \$20,082.10. The Software Support and Maintenance Agreement coverage period of July 1, 2022 to June 30, 2023 includes the following:

- Automatic upgrades for new software releases
- Maintenance software releases and service packs with enhancements and fixes
- Technical support by telephone
- Priority email response and technical bulletin notifications
- Emergency remote tech support that is available 24-hours, seven days per week

Thank you for your attention to this request.

Sincerely,
